## 2013 YEAR BOOK

# Our Club Song

Good old Greyhounds forever  
We know how to play the game  
Side by side we stick together  
For the glory of the Greyhounds name

Hear the barrackers shouting  
Come on, show them how we fight  
All the premierships are easy  
For the mighty black and white

## President's report

# Pre

**PRESIDENT PETER GOWERS**

My grandfather had a saying – which he told me about 10 times every day when we went to visit him:  
*"In life, like in football, you won't go far unless you know where the goalposts are."*

In 2013, my grandfather's saying took on special significance for the Glebe Greyhounds as we discovered that this year our goalposts had been moved to Marrickville!

Yes, it was a truly testing year for our Club as we relocated to HJ Mahoney Memorial Park in Marrickville for all our home games in 2013 – a test which I am happy to say the mighty Greyhounds passed with flying colours. The good news was that for the first time in approximately 100 years, Jubilee Oval was given a major refurbishment including improved drainage, a new sprinkler system and turf. The bad news was that we could not use Jubilee Oval to train or play on for the full 2013 season.

Thank you to the GSJ AFL for helping us secure our alternative home ground in Marrickville. Also a big thank you to Don Chudleigh and all the other Greyhounds who assisted in moving equipment, food & drink to Marrickville each home game to ensure that the Club operated normally and could offer all the required facilities to our visiting teams. Another saying comes to mind, courtesy of Joni Mitchell:  
*"Don't it always seem to go, that you don't know what you've got till it's gone."*

I know that this year we all missed "our" Jubilee Oval and will appreciate being back and playing on it in 2014 !

### TEAMS

265 players represented the black & white in 2014 from Under 5's to Under 16's. We all need to continue to introduce and bring new players to the Club to ensure that the Greyhounds continue to grow and prosper. I would particularly like to thank Jason Howard, Mark Young and Dan Hennessy for their efforts in producing the eye catching "Kick Grass" banners which were put on display around the Inner West. Jason has also taken on the role of Club Recruitment Manager and is already planning the Club's 2014 campaign. Thank you Jason!

On the field, 2013 was a very successful year with all teams competing in the required Glebe style – hard but fair. A highlight of the year was our Under 12s, Under 13s, Under 14s, Under 16s Division 3 & Under 16s Division 2 teams all making the semi finals of their respective competitions. Our Under 13s made it all the way to the Grand Final.

Full details of the season enjoyed by all our teams are set out in the very well written team reports contained in later in this Yearbook.

2014 promises to take us on a new journey with the competition for the first time being extended to include the Under 17 age group. We are grateful that our Under 16 players now stay with us another year !

None of the above achievements would have occurred without the effort and dedication of our coaching staff. A HUGE thank you to all coaches, assistant coaches, managers, runners, water carriers, boundary umpires, goal umpires and time keepers.

### OFF THE FIELD

We are again we are indebted to Mr Don Chudleigh and his "Donebago" for his tireless and continuous efforts for our Club this year.

Thank you to all those who assisted with serving behind the "Donebago" counter, cutting rolls, slicing onions, buying supplies, turning sausages, firing up the coffee machine and making cupcakes (thank you Amanda!).

Again in 2013, I would particularly like to thank Margaret Sammut for publishing the Dishlicker. The Dishlicker continues to be a great way to keep members informed about what is happening with other teams and personalities around the Club.

And speaking of publishing, we are again so lucky to be the recipients of a fabulous Glebe Greyhounds Yearbook for 2013. Thank you to Jamie Lamshed & Maxine Bartlett for their tremendous efforts in putting the 2013 Yearbook together.

The Club has enjoyed excellent support this year from our main sponsor – Belle Property Glebe. Your support of our Club is most appreciated and is vital for our continued success. I urge members to support our sponsors who support us.

In 2013, we have again enjoyed our relationship with Sydney University AFL Club who assisted us with an alternative U16's training venue and coaching assistance. Cheers Chas, Tim, Kevin and all the Uni team.

2014 promises to be bigger and better than 2013. It is an exciting time to be around the Club and I urge you all to "GET INVOLVED".

Go the Greyhounds!

COACH MIKE DONALDSON

## COACH'S REPORT

This year was, for most, their first foray into organised sport and lacing up a footy boot. The whole ethos was to have a good time and enjoy the game. We had a great bunch of players this year and it was noticeable that most of the team were not distracted by clouds or planes...usually. The kids really wanted to play and by the end of the season everybody had an idea of the way the game worked, handball, kicks, goals and positions on the field.

Special mention to Mike Donaldson for his tireless efforts as a coach. You made a great impact on the kids. Also thanks to the Mums and dads for helping out each weekend.

<b>COACH</b>	Mike Donaldson
<b>ASSISTANT COACH</b>	Matt Smith

<b>PRESENTATION AWARDS</b>	
Best Running Player	Harry Broderick
Best Mark	Cash Robinson
Best Team Man	Isaac Placencia
Best Forward	Joel Kenchington
Most Improved	Raph Jolly
Best Midfielder	Ollie Longville
Clubman Award	Ruki Merlin
Best Goalkicker	Patrick Smith
Best Defender	Luca Gardiner

### **HARRY BRODERICK**

Harry is young even by under 5s standards but his enthusiasm and keenness set the standard for all. His ability to run the game out was a highlight and he has a genuine love of the game that will definitely see him return. He has an incredible work ethic and he was seen after games practicing his kicking. Lasting memory has to be the constant end to end running in his trade mark long sleeve jersey. Rumour has it that Travis Cloke has been in contact in the off season so we can expect a new and improved version to arrive in 2014.

### **CASH ROBINSON**

Cash improved throughout the season and by the end we could all see his confidence growing. Then Gala day came around. The last game of 6. Wests Magpies. There number 6 was a man mountain of a 5 year old. He had a tremendous boot. From defence he launched a towering bomb. The ball went higher and higher. It reached its highest point causing disruption to air traffic and began its descent. It headed to earth with flames coming off it as it re-entered the Earth's atmosphere. Warnings were given to get out of the way. Cash stood under it and snapped it up without even blinking. Incredible scenes. Mark of the Year.

### **ISAAC PLACENCIA**

Isaac was super keen and full of support for his teammates. He went missing for a few rounds but made a fantastic comeback on Gala Day. He had a great game and we hope he makes it back. What he was able to bring was great enthusiasm. He was always ready for a high 5 and pat on the back and congratulated good play. He was also happy to help out the opposition if needed. Great Team Man.

### **JOEL KENCHINGTON**

Joel had a bit of experience behind him but came along in leaps and bounds this year. His tall presence up forward and his shock of blond hair made him a recognisable target and he became a fixture as full forward. He dined out on one weekend kicking 4 majors and leaving everybody in his wake. We can all see that he has a big future as a key position player.

### **RAPH JOLLY**

Early on in the season Raph looked a little lost. What do I know? His disarming smile hides a killer instinct for the ball and goal. With one of the purest kicking actions in the team, Raph was able to kick accurately and long. As the season progressed his confidence grew and he got more and more involved. Season 2014 cannot come around quickly enough!

### **OLLIE LONGVILLE**

Ollie was a revelation this year. His pace and skill set up so much of our attacking platform. A real strength was his ability to read the play and keep his feet, a key component of the game. With a raking right foot and accuracy Ollie was also our second highest goalscorer. He was involved in the best piece of play of the year when finding Paddy in the forward line with an intelligently placed kick to advantage. One to watch for the future!

### **RUKI MERLIN**

Ruki's trajectory of improvement and clear enjoyment of the game was a highlight of season 2013. He announced himself on the main stage with a 2 goal haul mid season and kept the charge going. A fixture in the team he was possibly duded a few goals at the back end of the season by some desperate defence. He has been a joy to get to know and we look forward to next year when we expect him to make some further strides in his development.

### **PATRICK SMITH**

Paddy had an outstanding 2013 and dominated most games. He was usually warmed up for the Under5s by playing in the Under6s. He loves his footy and practices hard. This year he led the goalscoring stats and was very impressive. He has learned to run hard and remembered to share the ball around. Paddy is always talking up his teammates and thinks if we can keep the team together during the building phase we can see glory in the future.

### **LUCA GARDINER**

Luca had a stop start season but certainly came home with a wet sail. He racked up plenty of possession's and started having a real impact upon the game. He hit the scoreboard and finished with a surge of goals at the end of the season. The most pleasing aspect though was his increased enthusiasm for applying defensive pressure. It shows real intent and the rest of his game improved from there.

# U6s Coach's report & player profiles

COACH MIKE DONALDSON

## COACH'S REPORT

This year we welcomed seven debutantes to the U6s who, along with last year's veterans, proudly ran out representing the black and white all around town. With our home turf out of action for the year, we adopted Mahoney Oval as our own – week after week after week. It soon became Fortress Mahoney – no matter how foul the weather, Saturday games would proceed. One game was so miserable that the opposition steadfastly remained in their cars refusing to come out. But we played on! U5's coach Matt and myself filled the opposition's boots and copped a trouncing from the boys. We couldn't have been prouder.

Playing our first game at the SCG in front of 28,000 fans and having the Sydney Swans come and visit for our jumper presentation day were two stand-out highlights of the season.

Thanks also go to Joel, Oliver, Patrick, Luca and Harry for playing up a level and helping us out against some of the larger sized teams in the competition. Harry in particular played up two levels.

Special thanks to assistant coach Mark Kimberley who ran many of our games and training sessions. As ever, our thanks also go out to the mums and dads who helped with the BBQ, canteen and the quickly devoured oranges on game day.

It was a great season, lots of fun and I'm already looking forward to the next one. Speaking of next year, I'd like everyone to bring a buddy. See you next year.

<b>COACH</b>	Michael Donaldson
<b>ASSISTANT COACH</b>	Mark Kimberley

<b>PRESENTATION AWARDS</b>	
Best Wingman	Charlie Barbour
Rover of the year	Jake Donaldson
Best and Fairest	Tom Evans
Greyhounds Clubman	James Hardy
Superboot	Max Henderson
Leo Barry Mark of the Year	Ben Hunt
Coleman Medallist	Will Kimberley
Rising Star	Theodore McGrath
Best Defender	Lachlan Murphy
Ball Magnet	William Nichols
Best Tap Ruckman	Harper Rauchle
Best Forward Pocket	William Stenger
Most Courageous Player	Ryan Thomas

### CHARLIE BARBOUR

Charlie debuted for the Glebe Greyhounds in round 14, two games out from the Grand Final. Playing against the Moore Park Tigers, Charlie eased himself into the game by floating around the back of the packs. However, it wasn't long before the pill was in his hands. Teaming up with Will Kimberley, they ran the ball down the wing with a textbook chain of hand passes. Charlie, always smiling and legs twinkling like fingers on a piano, ran beside his compadre. This was Charlie's first game ever and while the hand passes between the two started off in staccato, by the third hand pass it was all prestissimo! By the end of the day he was without doubt Will's best wingman and the key linkman in Will's five goal haul in the last quarter. Well done Charlie and welcome.

### JAKE DONALDSON

Playing his third season with the club, Jake had a solid year without being too fancy. He positioned himself perfectly at the packs and would rarely let the opposition win any 50/50 ball. He was able to pick teammates out by hand or foot, burst from packs and direct traffic. He's a capable goal kicker, slotting 22 for the year. Most goals were kicked over the umpire's hat with a thud while some were dribbled off his knee and others wormed burned off his toe. Jake was therefore an obvious choice for the rover of the year.

### TOM EVANS

Today's game is largely drive by stats: inside 50, centre clearances, goal efficiency, etc. However, the stats often don't do justice to people's hard work. In AusKick we only track goals, of which Tom scored one. But what we don't track on the stats sheet is that Tom was often at the bottom of packs getting the ball out, fearlessly crashing through packs, helping his teammates, spearing the ball to our forwards with a slight furrow on his brow and a smile on his face. He plays far taller than his height and is always the first to raise his hand up for a run in the ruck or to help out with the U8s. Tom's got the skills and passion, and although it hasn't shown up on a piece of paper, we know better. Hence Tom has deservedly been crowned the U6's Best and Fairest.

### JAMES HARDY

James joined the Glebe Greyhounds through the February draft. On his first day at the club, James was presented his Glebe Greyhounds' jersey by Sydney Swan speedster Gary Rohan. With a smile as wide as the Harbours Bridge, Rohan immediately remarked, "This guy's keen!". Still wearing the smile, James held the jersey tight, took it home and added it to his full house of AFL club jerseys. Nobody, and I mean noobody, is more

passionate about football than James Hardy. He displayed no nerves on his debut game at the SCG as he proudly ran out in front of 28,000. It wasn't long before the ball was in his hands; just off from the boundary line near the Lady's Stand, when James' began its run. On a soaking wet pitch he bounced the ball. It boomeranged back. He motored past one defender. Another bounce! It wasn't long before he hit traffic and with three defenders handing off him, pill tucked under his wing, he kept on steaming towards goal. The crowd rose and cheered him on. Nothing was going to stop him, but a goal. Week in week out this would become James' signature play. James loves playing footy, loves the club and loves kicking goals and we can't wait to see him at the club next year.

### MAX HENDERSON

Last year Max only played 3 games, yet scooped the Rising Star award! And while his season was interrupted with a fractured arm – please stay on your feet – his skills have become even silkier and he can kick the ball a country mile. Think Scott Pendlebury. Seriously. Kicking in from defence is always nerve-racking. Against the league's best and their uber-super-duper-zoned defence requires a cool head and the ability to execute. Max is able to size up the options: drill a short pass or deliver a raking bomb that lands on the chest, laces up, to a player in the centre square. He is good around traffic and positions himself well around the packs. His change over the past year has been fantastic and I have high expectations in Max for 2014, seeing him slotting goals from the 50m arc.

### BEN HUNT

Joining the club at the start of the year, Ben's clean ball skills, positioning and long kicks, stood out from day one. Whether rebounding from defence, roving his own ruck work or kicking goals, Ben is a great team player and respected by the team. His game out at Moore Park in round 4 was one for the video replay. After he slotted two long bombs in the second term and the game in the balance, Ben was shifted to fullback to blanket Moore Park's Ball Magnet (MPBM). With scores tied and seconds on the clock, the MPBM collected the ball on the bounce at half forward, arced around and launched a long-range torpedo. Time stopped, dogs stopped panting and everyone except Ben stood frozen and watched the pill warble towards goal. Ben, standing on the last line of defence, raised his arms to the heavens and beckoned the ball. The ball obliged and landed softly in his hands. This mark under pressure saved the game and ensured that that Ben is the worthy winner of the Leo Barry Medal for Mark of the Year. Great first year – set to dominate in 2014.

### **WILL KIMBERLEY**

Will's a great player: passionate, focused and skilled. Over the full three terms you'll always see him giving his all, always looking for the pill, chasing opponents, kicking goals, sweeping the ball out of defence and running it down the wings! With the race for the Coleman Medal tied up with three rounds to go, the Greyhounds headed to Sydney Uni to play against a determined Moore Park Tigers. The Tigers got the jump on the Greyhounds and were up 6 goals to zip! It's times like these that test a player's character and resolve. How you respond is what counts. Will stood up and produced an inspirational last quarter goal-fest that inspired the team. Gathering the ball off the wing, Will streamed towards goals before launching long laser-guided bombs that not only went over the goal umpire's hat, but also landed in the next ground! Will had a fantastic year and with his haul of 25 goals is the deserved winner, for the second year running, of the Coleman Medal. Brilliant performance.

### **THEODORE MCGRATH**

In the 1926 VFL Grand Final, Francis Vine debuted for the Dees in front of 58,000 fans. This year, Theo debuted for the Glebe Greyhounds at the SCG in front of 28,000 fans. Francis kicked an early goal in the Grand Final and in the years to come would captain the Dees and become a legend of the game. With each game Theo has played he has improved. With a solid mark, a nose for the goal and accurate boot, Theo has all the hallmarks of a key positional player and is the deserved winner of the rising star award.

### **LACHLAN MURPHY**

One of Glebe U6's debutants this year, Lachlan has got better with each game. He has a good footy brain and positions himself well around the packs and at the fall of the ball. However, Lachlan's best attribute this year was his rebound footy off half-back. Key to this was his ability to read the play and be first to the footy. Well done Lachlan.

### **WILLIAM NICHOLS**

Will Nichols was once again in everything this year. If there was a ball up, there was Will. Ball in the back-line? Yep, Will was there too. We need a goal. Booooooom. Within a couple of minutes, Will would launch a long bomb or three as he did at heavenly Tom Wills Oval. He is honestly a ball magnet and has picked up the "Ball Magnet" award for the second year running! Just a consistent ball getter.

### **HARPER RAUCHLE**

From the Grand Final to junior league, games are won or lost in the middle, right at the centre bounce. Historically, ruckmen are known for not getting their knees dirty. However modern day ruckmen, post 2011, need to be better willing to get in at the bottom of packs. This accolade was hotly contested by a number of people in the team and it wasn't until the back half of the season that Harper stepped up and owned the role. His tap ruck is brilliant and ensured we had first use of the ball. He's a long-long kick of the footy and isn't afraid of getting his knees dirty. In fact, he quite likes sliding on loose balls and popping up like a meerkat, with a smile on his face and the ball in his hands. He's certainly one to keep an eye for next year. Well down Harper.

### **WILLIAM STENGER**

For the second year running Will has scooped the award for best forward pocket player. Teaming up with James, the two of them each scored three goals in a frantic eight minutes in round three against the Western Suburb Magpies. Not averse to talking to his opponents, Will seems to pepper them with questions. He only needs the Sherrin to flick past his peripheral vision before he's off, scooping up the ball and running into goal while his opponent is still trying to digest Will's question. This year, Will also proved a reliable defender whose attitude ensures that he's first to the ball. Great work.

### **RYAN THOMAS**

Growing up, our local club was allocated to Carlton. Carlton strongman and legend (for knocking-the-ball-in-to-play-from-the-car-park-and-robbing-Collingwood-of-the-1979-Grand-Final) Wayne Harmes came to our club to give us some advice about courage. His advice via a grunted word was, "Commitment". In round 10, we played Moore Park at fortress Mahoney in wet arctic conditions. Everyone was soaked and our fingers were as brittle as ice blocks. Ryan was one of a small band of brothers who admirably took to the ground that morning. The majority of Ryan's work this year has been around the packs and particularly in the ruck. This is his first year and he's certainly getting better with each game. In the last game of the home and away series, he had prowled 15m out from our goals and toed a bouncing ball towards goal. Peter Deans picked up where Harmes left off and talked about commitment. "Growing up, I wasn't the best mark, or the best hand-baller or longest kick. But, I'm here today, playing for Carlton, because I never gave up". Well done Ryan.

# U6s

# U7s Coach's report & player profiles

COACH SIMON TRACY

## COACH'S REPORT

It has been a cracker of a season in 2013 for the Greyhounds U7's. We had 29 players across three teams, imaginatively named black, white and grey. We have players who have been with us since before they could even legitimately play in the U5's, and players who joined us in 2013. We have players from Greyhound family dynasties where older siblings or even the generation above have played, and we have refugees from soccer and league who only learnt to handpass when they arrived at training. We have players who are fast and who are short and who are shy and who are excitable, and they all come together as the Glebe Greyhounds.

Playing at Mahoney Oval presented a few challenges in 2013, like getting gear down there for ground and canteen set up, but we were lucky to have it as an option at all, and Don did a mighty job making sure it all happened. The inconvenience and extra work will all be worth it when we get our beautiful Jubilee back next year and it doesn't get closed every time the weather report says it might rain. Plus we won't have to move so much dog poo around when we're not training at Federal every week. Blech.

There were many, many highlights in season 2013, stuff like had we actually kept score the Black team would have been undefeated in the final Gala Day, our forwards sharing around shots on goal, my umpiring (I'm bloody good), playing Concord out at Tom Willis Oval in the pristine conditions after a week of rain and the team pulling it together and having a blinder, not missing many training sessions or games due to rain, the awesome involvement from families, the players willingness to jump onto the opposition side when they were short, the team following the instructions, "Mark Up" was a catch cry against the better teams but they started to get there and the Second

game at Wests, Matisse shrugging the sledge, players finding space, teammates kicking to space, when without the ball players defending and marking up: Result our most complete performance and a convincing display.

And so to the thank yous. This coaching gig would be really, really hard without all the help that comes my way. To Kirsty, my beautiful wife and the best, most organised, efficient, hard working manager there is, thank you. I couldn't imagine what the team would be like without everything you do. If it all looks like we know what we're doing and it's running smoothly, then that's all down to Kirsty, I just turn up and shout at the kids.

To the assistant coaches Matt Smith, Dan Kenny and Greg Smith, thank you for all your hard work, especially on game day. If you're like me you're probably still wondering how it was exactly you got this gig. That's just the magic of it. The enthusiasm the players bring to training and the games is a testament to you. You guys rock.

A huge thank you to Angus McDougall from the U12's who came down to Federal every Tuesday to help with training. I'm sure there were times when you wondered if it was worth it, let me assure you the kids loved having you there, they learnt a lot from you. Thanks heaps.

To Don Chudleigh who worked really hard in 2013 to get all the gear from Jubilee to Mahoney and back for our home games, thank you. It wasn't easy and it wasn't pretty, but the fact it happened at all was all down to you. Thanks Don.

To the families who helped in any way at all, thank you. Community footy clubs live and die by the involvement of the families. Our kids may play footy for the Greyhounds, but the club is bigger than just 30 minutes of chasing

a ball around each week. Every time one of you jumps on a line at training or does ground set up or helps behind the BBQ or canteen you're making the Greyhounds better for the kids. Thank you.

Finally, to the U7 players, it has been a privilege to coach you in 2013, I have enjoyed the season immensely. I am proud to say I think you have all developed as players this year, and you all play with the Greyhounds spirit. I commented many times in 2013 to pretty much anyone who would listen, or even just made eye contact with me, that there is some serious quality in this group and if we keep a bunch of you together I have pencilled in the U16 premierships in 2022. That may be a long bow to draw, and only time will tell, but belief in the club and the friendships formed even in the U7's can achieve a lot. It's been a blast, thank you all, see you in the U8's in 2014. Go the mighty Glebe Greyhounds.

# U7s Black

## U7S BLACK

<b>COACH</b>	Simon Tracy
<b>ASSISTANT COACH</b>	Matt Smith
	Dan Kenny

Rising Star	Sam Howard
Coaches Award	Angus Rundell
Match Winner	Ethan Melton
Ball Winner	Alex Norman
On Baller	Oli O'Callaghan
Super Boot	Felix Rugge-Price
Best Defender	Best Defender

### MAX BAKER

Max had another fantastic season this year, and his kicking has become the hall mark of his game. He is a terrific competitor and ball winner, then sends the pill forward with a mighty roost to a team mate or a goal. Good work Max, see you in 2014.

### CHARLIE BASS-TRACY

Charlie is a classy player who doesn't ever seem to be under pressure on the field. A natural leader with his team mates, he always seems to have all the time in the world to get the ball and find space before getting a kick away. When the opposition close in he finds the gap and snaps the ball around the corner to a team mate or for goal. Congratulations Charlie, an awesome season, looking forward to 2014 already.

### JAMES FULTON

James is the heart and soul of the Greyhounds black team. He gives his best every game, he has a positive and enthusiastic attitude, he has the team in mind first but loves to kick a goal himself, and displays that rarest of qualities, he listens to the coach. Fantastic season James, can't wait to see what 2014 will bring.

### SAM HOWARD

Sam took his game to a new level in 2013 with his focus and desire to get the ball lifting to new heights as the season wore on. Sam was a valuable outside player, roaming the

packs before pouncing on the emerging ball and taking off for a goal or give it off to a team mate. 2013 was Sam's breakout season, well done Sammy.

### ANGUS RUNDALL

Angus arrived at the Greyhounds in 2013 and picked up kicking and handpassing after a couple of training sessions, something that isn't easy. He was at his best when he ran himself into form chasing the ball, and once it was in his hands he had great goal sense. Good work Angus.

### ETHAN MELTON

Ethan arrived at the Greyhounds in 2013 a very natural, accomplished and competitive player. There were many highlights from Ethan's season, courageous marks, unlikely goals, fantastic team play, but the moment that will live longest in the memory was when he called the ball back after the umpire had awarded him a goal because it was touched off the boot. Great work Ethan.

### ALEX NORMAN

Alex had a fantastic season in 2013, with his big engine and running game coming into their own. Alex is hard around the contest and regularly beats opponents to the ball where he is able to scoop it up and take off down the ground. He is a big fan of kicking a goal and has been very valuable to the black team in 2013. Nice job Alex.

### OLI O'CALLAGHAN

Oli is a very valuable member of the Greyhounds blacks. He is a fierce competitor, that kind of inside player you describe as a hard nut. He is fast and hungry and a great kick. He can run all day, loves a goal and has very natural feel for the game. He also has that rare quality that coaches love and very few players do, he listens to and follows instructions. Well done Oli, a really great year.

### FELIX RUGGE-PRICE

Felix is another one who had a break out season in 2013. He has developed into a very competitive player, always hard at the contest and hungry to get the ball. Then, once it's in his hands, he does what he does best, he roosts it. Felix would regularly bypass the centres when kicking out from defence by simply bombing it into the forwards, or taking a snap from any angle when he playing forward. He and Charlie worked well together they would often seeking each other out when kicking. Great work Felix, a fantastic season 2013.

### LUIS PLACENCIA

Luis is turning into a very good footballer. He's smart, competitive, his skills are good, a team player and he listens to the coaches instructions. Luis has a fantastic running game, is able to go forward and kick goals and looks to get team mates involved at every chance. Well done Luis, a great season.

# U7s White

## U7S WHITE

PRESENTATION AWARDS	
Best Runner	Luca Cooney
Best Forward	Hugh Davis
Most Improved	Rory Gamble
Club Man Award	Rupert Gillies
Best Kick	Flynn Morrison
Best Goalkicker	Rowan O'Connor
Best and Fairest	Matisse Liu
Best Defender and Most Courageous	Bill Smith
Best Mid Fielder	Luca Smith
Best Team Man	Velayus Wynne

### LUCA COONEY

Luca was our international recruit and he showed what the altitude training conducted overseas can do for your running. He ran, then ran again, then he ran some more. The kid can run. Speed and endurance. He transitioned well into the Greyhounds set up but has room for improvement which will follow from a big preseason.

### HUGH DAVIS

I said on a number of occasions during the season that Hugh has huge potential to make himself into a key forward. He is a throwback to Lockett and Dunstall, a power forward in the goal square. A target man. He will bring it to ground with 2 or 3 on him for the small forward to clean up and kick the goals. The tactic worked nicely and Hugh will develop into a special player for the Greyhounds.

### RORY GAMBLE

Rory had a quiet start to the year but exploded in the back half of season 2013 with some great performances. He may not have kicked large bags of goals but Rory was concentrating on the one percenters, the little things that nobody wants to do, head over the ball, attempted smothers, marking up...the one percenters. They may not show on the stat sheet but everybody in the team environment knows... that's what counts.

### RUPERT GILLIES

What can you say about this fella? A hugely important member of the team goes down during the season after a freak non-football injury. My thought? Season Over! How wrong I was. This fella came back stronger than before and threw himself around with such

abandon that you would never have guessed that he had gone down with an injury. For that play, stand tall Rupert, you are the 7s White Club Man of the Year!

### FLYNN MORRISON

No Brainer this one. Super boot Morrison turns up to play and you know those footballs are going to suffer. He is the biggest kick in the comp with a sweet uncomplicated action which gets the ball spinning end over end and with a beautiful trajectory. Huge contributor on the scoreboard. He also has nous around the park and used his weapon to great effect from the back half in getting the ball over the opposition to get it goal side. Great season.

### ROWAN O'CONNOR

Tenacious, determined. Look em up. That is Rowan. Chased and fought for the ball and created his own goals on countless occasions. Had a great season. Rowan really took the game on this year and was an integral part of the team. He was able to kick plenty of goals but was also able to share it around the team. His determination was an inspiration to his teammates.

### MATISSE LIU

Matisse thoroughly deserves the award. She was the chief tormentor of the opposition when the ball hit the deck, a classic in and under player. She leaves the stoppages. Intelligent use of the ball was her hallmark and she provided real inspiration to those around her. Highlight of the season was when she went up against the Magpies and was subjected to a foul mouthed tirade by an opposition player. Matisse ignored the other girls rant and simply ran rings around her.

Game Set Match. A win for sportsmanship and skill!

### BILL SMITH

I could not decide which one to give Bill, so I gave him both. In many ways, the awards go hand in hand. Bill made more smothers than anybody else. He was the first to lean what "Mark Up" meant. He was always given the best forward to tag, and more often than not came out on top. He had a real willingness to throw himself into marking contests with no thought of self-preservation and on more than one occasion plucked a screamer. Well done Bill.

### LUCA SMITH

The other of the Smith Twins. With a cultured left boot and an eye for space and teammates in good positions, Luca is always going to be a handful for other teams. However, when you combine that with his speed and determination, you have the makings of a fantastic footy player. The season was littered with Lucas flying runs and high class finishing in front of the big sticks. Another great season and a stepping stone into a great career.

### VELAYUS WYNNE

Velayus improved out of sight in season 2013. He chased hard, defended well and scored a lot of goals. However, it was his vision around the field and willingness to look for players in better positions that marked his real improvement. He was often sighted hemmed in by opponents but refused to give up and found a teammate with a clever kick or handpass. It is probably easier to blaze away, but Velayus looked to do the team thing and as a result he is our Team Man.

# U7s Grey

## U7S GREY

### PRESENTATION AWARDS

Best On-baller	Henry Daniels
Best Mark	Joshua Brook
Best Defender	Pat Keller
Most Improved	Zac Sherratt
Best Goal Kicker	Nicholas Andreacchio
Best Team Man	Will Kenny
Best Running Player	Xavier Busch
Best and Fairest	Charlie Sarah
Hardest Worker	Jack Clancy

### HENRY DANIELS

Henry's constant attack on the ball throughout saw him rack up big possession numbers and start up some great attacking moves. Henry built as the season went on, resulting in some masterful performances in the last few games and man of the match for the final gala day. 2014 is shaping as a big season for Henry!

### JOSHUA BROOK

Henry's partner in crime, Josh was known for big marks and bigger defence. Josh finished up the season as he'd played it, taking mark of the season in the last game of the gala day – busting a pack wide open to take the ball. Josh is developing well and will be a leader in the team next season.

### PAT KELLER

Pat built slowly across the season, culminating in some strong games in the back end of winter. Chasing hard to get to the ball and positioning himself to defend well were his hallmarks. Pat has set a good foundation for next year.

### ZAC SHERRATT

Zac started the season slowly, but something clicked as the days started getting cold and he never looked back. Zac now lives by the Greyhound mantra of 'first to the ball', contributing strongly across the ground and giving the team first use of the ball on many occasions. It's great to see a player developing his skills and passion like this. We look forward to Zac continuing to build on his skills in 2014.

### NICHOLAS ANDREACCHIO

Nick's passion for the game, deadly accurate kicks, incisive runs and rock solid defence were a mainstay of the team throughout the season. His skills and drive were exemplified by his position as the team's leading goal kicker. Nick was unlucky to miss out on best and fairest this year and should be working hard to take the stand next season!

### WILL KENNY

Will built his game throughout the season and was a strong contributor across the ground. Will's run and carry, and ability to seek out a team mate for a quick handpass or stabbing kick set him apart. Developing his ability to compete in the pack will make Will a leading player next year!

### XAVIER BUSCH

Xavier has been one of the leaders of the team throughout the year, running the ball from any position, defending strongly and driving our attack. A fantastic season from Xavier and a great sign for things to come next season!

### CHARLIE SARAH

Charlie's love of footy and passion for playing well are evident in everything he does. A strong trainer week-in and week-out, this transforms into consistently strong performances on the field in any position. Able to put himself into space, find teammates for passes and kick more than the odd goal, Charlie had a fantastic season which we hope to see him build on again next year!

### JACK CLANCY

Jack is one of the hardest workers on the team, constantly running to put himself into space, get the loose ball and support his teammates. It's been a great season from Jack and we're looking forward to big things from him next year.

# U8s Coach's report & player profiles

**COACH** PETER READ

## COACH'S REPORT

Wow! What a year that was. 32 under 8s over three teams with 15 debutantes over 17 rounds. The mighty pups did the Club proud. Boy can you sing that song loud with 30+ voices.

We entered three teams this year, the Blacks, the Whites & the Greys. The coaching panel made a decision early on to train the boys as a group and mix the teams up each week. This instilled our team values of team work, looking after your mates and giving everyone a fair go.

The boys were a real mix of experience – 5 who had been with us since they were only four years old. Three of those went on to reach their 50 game milestones this season. Another 5 from the class of 2011, who really matured as footballers during the season. 7 came back from last year's U7s and were much better for the run and 15 first timers who took the game by the scruff of the neck and gave it a great big shake. Well done to you all. Thank you for entertaining us with your skills and sportsmanship each week.

With so many players we really needed a lot of parental support at both training and the games so thank you for all those who helped out with handball, kicking, ruck, marking & goal kicking practice, bib changing, water carrying, goal umpiring, taking photos and giving hugs and wiping away blood whenever needed.

Some people do need a special mention for their extra effort and support. At training, Dan O'Callaghan (Lochlan's dad), Dan was always one of the first to training. His enthusiasm could not be denied and he was always willing to run a training drill. On game day Andy Twine (Cooper's dad) was always there to help manage or coach a side. Our first-aider Sally Webb (Archie's mum), fortunately I don't think we overworked you, we literally cannot play without you. To all you guys a great big thank you from the coaches, manager & the players.

To my fellow coaches, Simon (Archie's dad), BJ (Darcy D's dad), Jason (Bailey's dad), you guys are something else. Tirelessly working with the boys, each week imparting footy skills and a few life lessons along the way! Congratulations you have coached in excess of 400 player hours of game time this year and probably that again or more on the training paddock. To Will Gowers (U16s) thanks for all your continued support with the boys early this year and we hope school commitments will allow you to come back to coach with us in the U9s next year. From all of us to our great team manager, Fiona (Paddy's Mum) who kept us all on track each week. Her work as a liaison between the parents and coaches was just brilliant allowing us to ensure we were delivering what the players and parents expect from our great Club.

Our continued thanks goes to Peter Gowers, our Club President and his hardworking

committee; to the Ground Managers; to Margaret Sammut for The Dishlicker; to our Auskick Coordinator, Margaret Dessant (Darcy's mum) & to Don for the BBQ & coffee! Looking forward to being back at Jubilee next year with the U9s!

### RAYMOND BURN

One of the original Pups from the class of 2010 Raymond continues to develop and mature as a footballer. Always looking for his team mates whether in the game or on the training paddock Raymond is known for always giving his best effort. An all-round effort over the entire season has rightfully earned him the title of a real utility player. Great effort Raymond.

### DARCY BYRNES

One of our new Pups this year young Darcy really turned heads with his performances. Probably at his best in the engine room Darcy developed as a really good roving player. Not afraid to put his body on the line in the tough contests, this made him a much respected player amongst the playing group. Excellent debut season Darcy.

### BANJO BYRNES

Easy to spot in those bright orange boots Banjo put his speed and agility to great use finding plenty of space to lead into. A debut season that points to greater exploits to come. The coaching staff are looking for the same and more in season 2014. Keep up all your good work Banjo and you will be a star.

### TOM CARROLL

Tough as they come is our Tom. Not our biggest player but certainly the most tenacious. Tom is one of those players that play the game hard and tough. Not a player the opposition wants to mark or be marked by but always well respected by all who play with or against him. Outstanding first season Tom.

### SAM CASSELL

Another of the class of 2013, Sam is the kind of player that can navigate himself into a pack and out of it again, usually with the Sherrin. Always attentive on the training paddock and able to follow our game plan to the letter, Sam is a delight to coach. An awesome first year in our game Sam.

### TAINÉ COATES

Mr reliable is young Taine. Right out of the Brett Kirk school of taggers. Hard, tough and never stopping makes Taine a popular team mate. Opposition players shudder when they see Taine is marking them. They know it will not be their turn to shine today. Taine was not solely a defensive player contributing on average a goal a game. Sensational debut Taine.

### THOMAS CRICK

In his second season of AFL Thomas continues to improve what is already an impressive skill set. Always listening to the coach's instructions Thomas displays those fearless attributes that will make him a star player in years to come. High percentage disposals make him sought after by his fellow players. Thomas you are a special player for the mighty Pups.

### DARCY DESSENT

Another of the originals from 2010 young Darcy only knows one way and that is forward. Blessed with a booming right foot and a desire for the ball like no other, his value to the team cannot be underestimated and he is fast becoming one of our real match winners. Reaching a dual milestone this year of 50 games and over 50 career goals he continues to shine. Congratulations Darcy.

### SAM DONALDSON

Sam is one of those guys everybody on the team likes. He is a selfless player that will always give off the ball to his team mate in a better position. After that he is always there to support them. Although not a prolific goal scorer this year he would be leading our goal assist count. Team play personified – jut magnificent Sam.

### NICHOLAS EDWARDS

If all first year players displayed the enthusiasm for the game Nicholas did coaching would be an easy task. Not only keen at training Nicholas was keen to do those little one percent things that can turn a game in your favour. Nicholas was also one of only two players to play all our games this season. No keener player do we have. Earmark Nicholas for great things in the seasons to come.

**JAKE EVANS**

A ball winner all over the park Jake was just outstanding in his second season with the Club. Not our tallest player but always playing above his height he is well respected by his team mates and coaches alike. Bullet like passes and great ball handling ability really set Jake apart. Consistent high quality performances were a hallmark of Jake's terrific season.

**JAMES GIBSON**

What a first season James. A great running player all over the park James just seemed to attract the ball. Near the top of the stats in clean possessions & effective disposals, he was a real asset to our Team. Always in the reckoning when best on ground awards were discussed. Next year promises so much – sensational season James.

**ADAM GRAHAM**

One of the quiet ones is our Adam. Not many words spoken or required. With his steely determination Adam always knows his way to the posts. With an excellent conversion rate we can always rely on him for a bag of goals. This together with a big engine that powers his running game makes him a real handful for all opposition teams. Good job Adam.

**JACK HARRIS**

A first year convert from another code Jack was spotted early to make a real impact on our game. He made the transition seamlessly and has been a shining example of how Auskick should be played. Plenty of high percentage touches and not afraid of the contest make him popular with all. Never a stranger in front of goal and an accurate kick to match. You are a real asset to the Team Jack.

**ALEX HESS**

Versatility is a by-line when talking about Alex. In his 3rd season of our code and using his size, skill and speed Alex made every moment count out on the paddock. Great vision allowed Alex to consistently deliver the ball to the hot spots and put our team deep into attack. An unselfish player, Alex displays the team work we want to be known for. Nice Work Alex.

**BAILEY HOWLETT-FRETWELL**

Carrying on from his break out season last year Bailey has made playing on the ball his own. Diminutive in stature but not in heart, the pace the ferocity with which he hits the contest often make us wince. A leader in the hard ball gets makes him a delight to the coaches and brings a smile to the cheer squad. Well done Bailey you will be welcomed back next year.

**BILL JORDAN**

A player who has really matured this year, Bill's best displays were definitely in the back half. Always solid in the back or half back line he has stopped many an opposition attacking raid. Often mistakenly underrated by our opposition Bill has been the start of many end to end goals for the mighty Pups. Fantastic effort Bill.

**JACK KILBY**

A natural footballer with talent in all aspects of the game is young Jack. Always playing quality footy, he continually shines all over the field. Keen listening at training shows him to be the player who can implement the game plan even in those high pressure moments. A player who can always sneak a goal at a vital moment adds to his value as a player. Just magnificent Jack.

**HUDSON KORDA**

Hudson is the man with the golden boot. Whenever a clearing kick is required in defence or a long raking shot at goal is needed at the pointy end of the game, Huddo is our man. Often appearing to be looking at other things Hudson is very deceptive, with a lightening turn of speed to pounce on a loose ball and send it into attack. All hallmarks of a terrific season Hudson.

**ALEXANDER LAWES**

Not only playing in every game, Alexander made the play too. From ruck to defence and deep in attack he showed ability that defied this being his debut season of AFL. Another of our really hard workers on the training track, Alexander quickly picked up the basics of our game and then went on to add the finesse. You are a star in the making Alexander.

**ALEXANDER LONGVILLE**

One of our leading goal getters Alexander has really taken control of the forward half of the paddock. It's not all attack with him. He understands the benefit of applying forward pressure to keep the ball in our forward line and create scoring opportunities for him and his team mates. A sensational season for Alexander we will welcome him back for his second next year.

**OSCAR MCMASTER**

Fear does not enter Oscar's lexicon. Small but courageous are the traits he wants to live by. A coach's dream player with a good read of the game he constantly provides us feedback that allows subtle changes to the game plan. At his best on the bottom of the pack he is often last up with the Sherrin which he tosses to the ump so he can get stuck in again. Truly amazing season Oscar.

## LUCA MORROW

The best overhead mark in the competition. Like inspector gadget Luca reaches above the pack and plucks mark after mark in game after game. Probably at his best at the half back line where he can control the play Luca has All Australian written all over him. He can also bag some sneaky goals too, which makes him a complete player. Superb stuff Luca.

## JASPER NICHOLLS

Week in, week out Jasper continues to produce the goods on the paddock. One of our talls, Jasper uses his height advantage to create maximum impact for the Mighty Pups. Whether taking a specky or crashing the pack we know the advantage will be with our boys. Excellent play Jasper.

## LOCHLANN O'CALLAGHAN

In his first season Lochlann turned out to be one of the stars of our team. Fearless at the contest, blessed with great natural skills and a good listener on at training meant that Lochlann really made a mark on our games. A real team man who not only scored a bagful of goals but also had many goal assists. High quality performances were the sign of Lochlann's terrific season.

## SEBASTIEN PROCTER

Our leading goal scorer averaging two and a half goals a game, getting plenty of possessions and taking a real leadership role on the field makes Sebastien a worthy recipient of not only our team's Rookie of the Year award but also the Club's 2013 Rookie Award too. Clearly a class act both on and off the field – your Greyhound future is looking very bright Sebastien.

## JOSHUA RASHID

A breakout first season by Joshua made him a real favourite to our cheer squad. Never taking a backward step and always having the vision to spot a team mate in a better position Joshua's percentage of effective disposals is to be admired. Performance at training also augurs well for his future in the game. You are an essential part of our team Joshua.

## LIAM READ

Selfless and team-first are some of the values Liam puts on display every week for the Pups. Hard at the ball and willing to always hand pass off to a player in a better position, Liam is the type of player everybody wants to line up beside. Reaching his milestone of 50 career games and 50 career goals is a real credit to him. The coach is proud of you Liam.

## MAX RIDER

A booming kick announces another of our debut players. Max not only has a long kick it is also deadly accurate which led to him bagging over 20 goals this season. His positional play puts him always uncannily in the right spot leading to many scoring opportunities. He also is very popular with our playing group. This makes Max one of our most exciting and important players.

## PADDY THOMAS

Tough as nails is young Paddy. A workhorse of the team all over the field he never shirks doing the hard yards. Using his turn of speed and balance he often leaves the opposition players in his wake. Paddy's great feel for the game and outstanding vision always allow him to make the most of his many disposals. Paddy you deliver every time you take the field – well done.

## ARCHIE THOMSEN

A big lad with a big heart and determination to match, Archie is one of our fiercest competitors. Setting the standards in finding space, Archie remains one of the elite players of the U8s. A real talker on the field he stepped up this season to become one of our leadership group. A player who always gives 100% effort, Archie had a terrific season.

## COOPER TWINE

Having watched Cooper play since 2010 this was really his season. Showing more ability, determination, willingness to listen to the game plan and a lot more maturity made Cooper a real pleasure to coach and a great team player. Always competitive wherever positioned we can look forward to Coopers exciting brand of play next season.

# U9s Coach's report & player profiles

**COACH** PAUL KITCHIN & BRAD SCUTELLA

## COACH'S REPORT

It was a great season for the 2013 Under 9 Greyhounds. We had a quality team this year with a mix of returning players and some new faces who turned out in the Black & White for the first time. With a squad of 21 we trained as one group but on Saturday's split into two teams – the Blacks and the Whites. This meant that the kids were able to develop combinations with regular team mates each week but also gave us the flexibility to move players around depending on who was available each week.

On game day, Brad Scutella would take charge of the Whites and Paul Kitchin worked with the Blacks, with the great support of David Hando who stepped into game day coaching when needed. While we started with a good sized squad the reality was we struggled with numbers most weeks – relying on some regulars playing up from the Under 8s as well as the opposition to even up the teams. The vagrancies of the winters flus and absences hit us hard and we did not have one weekend when the full squad played – indeed we only had 2 players who played every game.

The major exception to the two team format was the "Wild and Wet Weekend at Mahoney" against Moore Park in the pouring rain. The weather scared away many players from both sides and we played a combined team game. Not that many will remember the details of the game. It will be remembered for the ankle high water, the aquaplaning through puddles and the blue coloured lips on shivering children. Even for the hardened footy Dads the pre-game war-cry of "good to see some real wet weather footy" was soon replaced with "blow the hooter – let's go home".

Over the season we saw great improvement right across the team. Each week we saw progress in the length of kicks, the accuracy of passing, the support play and even the mastery of the "hold and release" tackle. One of the pleasing elements was to see the teams develop strong combinations - hand balling and kicking between each other, then supporting each other as they moved up the field. The ingredients are all there in the team to take the next step up in playing standard as they graduate to playing more open games on bigger grounds. We will also benefit from getting back on to Jubilee Oval and having more space to train.

At the season's end the team had their introduction to "official scoring" and to finals football with the two gala days run as a qualifying for a final four. It was a tough initiation when we probably didn't play at our best and did not qualify for the finals but as always the teams showed great passion and enthusiasm and gave it their all.

A big thank you for the support we got from all the parents. There was a regular band of helpers at training but special thanks to Michael, David, Damian and Duncan who helped us keep those training drills working.

Huge thanks also to Blaze Stephenson our team manager who kept us all on track at training, on game day – in fact on just about every day, dealing with everything from footyweb to canteen duty and organising photos – and of course the game milestone banners.

But most of all, thanks to all the kids. We hope you keep having fun, keep playing hard – and we will see you all next year!

### ALEXANDER BERG

Another good year for Alexander, where he continued to work hard and develop his skills. His kicking and support play with his team mates improved through the season. It was also great to see Alexander hit 50 games this year – a truly committed Greyhound.

### BENJAMIN BASKIN

After a couple of seasons away it was good to see Benjamin back in the Greyhound black and white. He has strong natural ball skills which ensure he gets plenty of ball and over the season developed good passing combinations, particularly with Samuel. A great team player!

### BEN HITCHEN

A strong season for Ben with most of his games played for the Whites. On the field he is always busy getting in position to take a pass, harassing the opposition or dashing for the ball. Played some of his best games in the centre and continues to improve.

### DARCY LUFF

Darcy was new to the Greyhounds this season and was a welcome addition to the team. His games were limited as he juggled with his commitments to some game they play with a round ball – but they were good quality games. Has good ball and positional skills and we hope to see him back next year.

### FINN KITCHIN

Finn had another great season, passing 50 games and showing his great ability to play any position on the field. His games this year were always highlighted by strong marking – making great position and with strong hands he was often a brick wall across the half back line. Yet at the other end of the field he was also one of our leading goal kickers.

### HARVEY LYNN

A great player who regularly gave us drive out of the centre it was a strong season for Harvey. While we have always known Harvey has a great kick, this year his passing and support play really came on. He was pretty handy in front of goals too, picking up 10 goals for the season. A top effort!

### HAYDEN HANDO

One of the speed machines of the team Hayden is a player the team can always depend on. While strong across the ground some of his best games this year were in defence where he often used his speed to get clear of the pack and clear the ball down the field. Also contributed up front, kicking 6-goals for the season and passing 50 games.

### HAZEL BLUETT

Hazel only played a few games for us this year as she moved to become a regular with the all girls team. The games she played were always strong, she keeps a cool head under pressure, looks for someone to pass to and delivers quality disposals to her team mates.

### JACOB HARMAN

Jacob played most of his games with the Blacks this season and was always a strong and willing contributor. As the year progressed his confidence grew noticeably and he was increasingly willing to get in and scramble for the ball and get it out to one of his team mates. Well done Jacob.

### JAMES KENNY

Not only an outstanding player James is also our resident football statistician with all the information about AFL and especially the Swans you could need. He is a terrier in getting the ball and repeatedly would blow the game open with his great burst of speed and ball clearance – Lewis Jetta would be proud. A great season James who also hit 50 games.

### JEREMY WALDON

A good season for Jeremy, who emerged as a player who can work well across the full range of positions. When he got the ball he was always looking to off-load to a team mate and was often instrumental in the lead up play for our goal scoring. His kicking and passing skills also developed well.

### JOSEPH FERREIRA

A great signing for the Greyhounds in 2013. Joey had a cracker of a year – he goes for the ball with little fear, uses his strength and speed to burst out of the packs and when he clears the ball it's with a booming kick. He had a great season including 5-goals in one game. Great work Joey – our well deserved Rookie of the Year.

### NICHOLAS STENGER

A milestone season for Nicholas, not only in achieving 50 games but in the improvement in his play. He had a number of stand-out games particularly show casing some great marking in the forwards. He kicked 6 goals for the season and was instrumental in setting up many others. Great Work!

### NOAH GLYNN YOSEF

One of our players who showed his versatility by at times switching between the Black and White teams. Noah plays with great energy and courage and is not afraid to go in hard to win the ball out of the pack. He can run hard all day and is a great player to have on the team.

### **NOAH SHERRATT**

Noah is a very determined and competitive player who never stops during the game. He works hard at constantly pressuring the opposition players and has also developed his hand ball and kicking skills during the year to show great improvement. Great effort Noah!

### **PATRICK TAME**

A great competitor on the field it was a fine season for Patrick. While he played some of his best games in defence he was equally effective in attack and the mid-field. His kicking and team play really came on during the year and Patrick is a great team mate.

### **REED RAUCHLE**

Reed had a strong season and increasingly showed his versatility in all positions on the ground. While often more at home in the backs by the season end he was working passing combinations with his team mates right through the centres and into the forwards.

### **RILEY ARMSTRONG**

In his first year playing football Riley made great progress developing his skills and also working well with the team. His understanding of positional play improved – moving into space to give his team mates someone to pass to and marking up on the opposition when required. He is a keen and enthusiastic team player.

### **RONAN BROWN**

We had two Ronan's in our team this year - the rookie who arrived at game one and the emerging quality footballer by season end. He showed a great willingness to get in after the ball and he developed good combinations with his team mates especially Harvey. Well done Ronan.

### **SAMUEL SCUTELLA**

A stand out player for the Whites this year, each week we saw Samuel's super silky skills on display. An absolute natural with the ball in hand Samuel is also a tenacious defender who contributes right across the field. Was one of the leading goal kickers and also became the first in the team to hit the 100-game milestone right at the end of the season.

### **TADHG BOURRELLY**

One of the emerging stars of the team Tadhg played a number of first class games this season. His positional play really improved often providing leads for his team mates and reading the game well, which resulted in him getting the ball more regularly and using it well. Becoming a regular ball winner.

<b>GLEBE J AFC AWARDS</b>	
Susan Parker Memorial Auskick Graduate of the Year	Finn McKendry

## COACH'S REPORT

2013 saw this group of lads play together for the first time. Previous seasons with just enough players for two teams meant that we were always short and borrowing younger players or 'evening-up' with the opposition. The team responded to this consistent playing roster with new confidence and enthusiasm.

The injection of several new and exciting players gave the team much more depth and plenty more options all over the park.

Highlights of the year were undoubtedly the gala days played at Mahoney and then later at Goddard and ADO. The hurly-burly atmosphere combined with a lack of instruction or position structure seemed to suit a team that quite often either don't play by or know the rules.

The atmosphere around this group is familiar, supportive and with a sense of humour. The boys themselves are only part of this group. The parents, grandparents and carers that are always happy to be shanghai-ed into coaching, training, managing, bbq-ing and taxiing around have to be thanked for just being themselves.

A special mention to Liam Wheatley for giving his time at training this year. Also to Shane McKendry for stepping in to any role he is asked. To Warwick Moss, Mark Keller and Frank Fotea for fabulous flag work, and to Kingsley Harrison and Karen Strudwick for record-keeping (as we don't keep scores... weird).

Finally to Elle Dezarnaulds, thank you to the best half-arsed (her words) manager we are ever likely to get and a special thank you to Karen, Bev and Jodie who stepped up time and again to fill in as manager and clear up Elle's mess.

Thanks also to the long-suffering Matt Kidd whose sideline intensity has seen him earn the ire of so many opposition supporters who clearly have no idea about the bloody rules.

See you in 2014.

### **RHYS KIMBERLEY**

Rhys's return to the Greyhounds this season was complicated by his new school sporting commitments. Despite the odds of Rhys making many games not looking good early in the season, Rhys (and his traffic-loving parents Paula and Mark) broke land speed records week in week out to join his Greyhound team mates. The whole team really appreciated Rhys's presence and through the season Rhys grew as a player in both skill and mental toughness. Rhys always looks for work, commits to the play and enjoys putting his body on the line.

### **LUCA FOTEA**

Luca enjoyed another successful season with the Greyhounds. Luca was asked to play a bigger role in midfield this season which cut down his goal scoring chance –asking such a prolific goal-sneak to take on the less glamorous role of gaining and controlling possession could have ended badly, but to his credit Luca took to his new role with gusto, his gentle demeanor off the field masking Luca's ability to morph into a fearsome midfielder with lovely overhead skills

### **HAMISH KIDD**

Hamish had a wonderful year, his involvement in the game is increasing, his skill level is improving and he has started to take advantage of his size in the contest. Hamish's initial reluctance to ruck work was quickly forgotten as he had more possessions this season than ever before. His kicking technique has improved such that he has much more confidence with the ball.

### **GUS TIERNEY**

Gus started the season as he finished it... solid and strong. In our first match of the year against Moore Park he took up the fullback position as requested. As it was the first game of the season our midfield was a shambles and before long the Tigers were enjoying both possession and territory. Gus stood tall at the back, playing like a lad twice his height, his dogged defence that day was an inspiration to the rest of the team who turned the match around by following Gus very simple principle; **BE FIRST TO THE BALL.** The improvement in Gus's skills this season has been fantastic.

### **EDWARD MOIR**

When Edward arrived this year the first thing I noticed was that he was a little nervous. The second was that he was a little tall. Tall we like, and in a team of mainly leprechaun heritage, tall we need. Once Edward showed his kicking and marking skills we knew he had the makings of a special player. In his rookie season Edward didn't take long to find the right way around the park, his movement forward brings the crowd to it's feet and his ability to handball to a player in space is fantastic for a rookie season. We are so looking forward to see Edward develop next year.

### **RILEY FITZROY**

Riley was our midfielder this year. We made efforts to give everyone chances as forward, midfielder and defender as per the Auskick model. That plan worked fine until we tried to take Riley out of the midfield...what happened next is not worth repeating ...the fact that we tried to take Riley out of midfield on numerous occasions throughout the season proved two things; 1; that some people never learn and 2; that even in Auskick where we don't "keep score" and "everyone's a winner"... the game is no fun at all if you don't have the ball. Riley gets the ball...enough said.

### **NICHOLAS CALIC**

One of two rookies this year from St. Brendans, and one of only two left-footers in the squad, Nick's personality matches his build...he's a big lad with a big personality who's enthusiasm to learn, listen and practice new skills never wavered throughout the year. Nick has a great ability to gather ball in heavy traffic and over the season his ability to release the ball improved markedly. Nick is a keen student of the game...I remember Nick taking a mark against Newtown at the University Oval and instead of congratulating himself and turning to the adoring crowd to receive the applause as one might expect from a rookie, he turned, saw that Finn was free, handballed to his unmarked team mate who ran and kicked a major. Nick has plenty to learn and plenty to offer.

### **BRAITH COATES**

Our second rookie from St. Brendans arrived with one thing on his mind....goals. Braith can mark, he can kick, he can run and he can score goals. What Braith didn't realize was that he can defend ..and defend with passion. Not many put their hand up to play at the back without a little hostage negotiation and Braith as a rookie was no different. But one morning at Mahoney Park, without thinking, I put all the St Brendan's crew together in defence. My goodness, the power of mates outdoing mates...Braith combined with Harrison and Oliver that morning to give the opposition a lesson in working for one another...it was great to watch. We are so looking forward to seeing Braith take the competition by storm next year.

### **JACK HAMILL**

Such a pleasure to have Jack back with us again this season. Jack also juggled school and club games each Saturday and his enthusiasm for the game shines at training and on match day. Jack loves playing up front and has an uncanny ability to pick up loose ball and snap for goal. His goal celebrations are legendary and his willingness to play for the opposition when it's needed shows his true love of the game....one of Jack's most memorable games this year was while wearing the GWS colours on SKODA Stadium playing for Concord Giants against us ! Jack loves a big stage and has the potential be a force next year.

### **BAXTER AURISCH**

It was so good to welcome our prodigal son home this season. After a year in the rugby wilderness Baxter returned with passion, determination and new headgear. Baxter is undoubtedly the most ferocious, dependable and wily defender in our competition. Baxter's ability to anticipate the direction of an opposition attack is superb. Time and time again Baxter appears from nowhere to stop goals, very often with a spectacular diving mark. His pace belies his ability to cover ground so quickly and his hunger for the ball puts bigger lads to shame. Baxter's influence on the team was no more apparent this year than when he was on his Gold Coast casino tour. We had essentially lost our backbone and played like we were in a terrible dream where the goals kept raining down on us. Baxter's return the following week erased all the previous week's nightmare and he has promised never to play high-stakes poker during the season ever again.

### **LUCA STENEKES**

Luca is such a quiet achiever, not loud, not showy, always amongst it or not far away. Luca, like quite a few of the lads this year, had a fair bit of trouble adhering to the various notions of "grab and release". His enthusiasm at the "tackle" coupled with the massive variations on what constituted "3 seconds" put Luca on the back foot at various stages this year. But Luca's unwillingness to alter his tactics will, I think, be seen as a masterstroke in season 2014. How do I know this ? Because I was lucky enough to see Luca play up with the U11's and wreak havoc against an unsuspecting Drummoyne Power. Luca will relish the freedom after Auskick and I can't wait to see it.

### **TOM SHERRATT**

It would be easy to call Tom our own "Pocket Rocket" or our player "with a heart as big as Phar Lap's" and then be done with it because those monikers fit. But Tom is all that and more to our team. Arguably our smallest player and our biggest blood donor, Tom never stops till he drops...literally. The only concession Tom gives to the opposition is his lower centre of gravity, on every other level of competition that you could measure Tom gives nothing away...he knows how to play the game in the right spirit, with the right attitude and always thinking of the team. In the last game of the season against a Maroubra side laden with wannabe early draft picks, Tom made a run from midfield that had the crowd comparing it to Jetta vs Collingwood ....with that sort of finish to the game no one cared about the score anymore.

### **HARRISON EDWARDS**

Harrison likes to disappear , float around on the edges, try not to get in trouble. When he arrived last year I quickly realized that we had a Phantom in our midst, a Phantom who played the game in positions that were not in the coaching manual, positions that only he knew existed. That made life difficult for us at times until we realized that just as we didn't know what the Phantom was up to, nor did the opposition. Whacko ! What a brilliant plan. So we send Harrison in a general direction these days and then wait and see what happens. What happens is that the Phantom in our leading goal kicker..that's what happens. No one sees him till he's got the ball, he don't muck about that Phantom...snap here, left foot from the pocket there, over his head while facing the opposite direction (he missed)...there are no bounds for the Phantom. He might turn up next year, who would know....he is the most secret of secret weapons...only we know his name.

### **LACHLAN WALSH**

Lachie doesn't know what first gear is, nor second or third....Lachie launches himself full throttle not only in training, but during pre-match warm-ups and even during the club song. His efforts on the field each week after backing up from rugby have been extraordinary. Lachie told me that he likes to replace his 10.30am calf stretches with a full blooded game of rugby at 8am to really get warmed up for the main event at 11am. If you asked Lachie to run all day, he would. If you asked him how much he liked smashing Easts Bulldogs he would just smile and walk away. He is a joy to coach and is another player who will relish the freedom post-Auskick

### **FINN MCKENDRY**

Finn's midfield ruck work this year was extraordinary. His aggression in tight never floundered and his running handball out of the back pocket got the Greyhounds out of a lot of murky situations . Finn would be the first to admit that his kick left a lot to be desired and although he has always practiced like a Trojan, the contact was never reliable, but every now and again he would strike it right, and the Sherrin would launch 30 or 40 metres. We knew he had the potential, he just had to find his rhythm. Well anyone who saw the back half of this season knows that Finn found his mojo, pushed forward and started bagging goals like he was born to it. Finn's utter delight at punting his first long range goal was something that I won't forget and that his Dad Shane is still talking about.

### **HARRY KELLER**

Harry generally doesn't give much away. He plays his cards close to his chest. He never beats his own drum nor questions the relevance of a particular training drill. Harry never jumps about with his arms flaying begging for this position or that. Harry knows much more than he lets on. Harry doesn't play fancy footy, not yet..he's waiting, he's holding himself back. I know...i've seen what he can do when he forgets his cool calm demeanour and stops thinking about what he's about to do....this season Harry took marks under pressure and made tackles that counted. In the final gala day game of the year against a Maroubra side that not only refused to drop the ball but also decided they we didn't need it, Harry burst from the back pocket onto a bouncing ball, skittled two Saints forwards on his way through and handballed to an unmarked Greyhound midfielder...surprising..brilliant and skillful ... Harry's best play is only going to get better.

## RYAN HENNESSY

When we are packing up after training and collecting footballs we are always short, always one short..there's always one still being kicked around...and it always being kicked by the same kid...Ryan. Ryan always has a Sherrin in his hand, on his foot or flying in his general direction. While other lads still arrive at training and confuse it for wrestling practice, Ryan will always be the first to start kicking. The first to start marking. The first to try his luck at the 'hip and shoulder'. The first to come off second best and also the first to dust himself off and get on with it. Ryan's left foot snapped some lovely goals this year but nowhere near as many as he deserved. Like many of our squad, Ryan had a frustrating time with the 'grab and release' concept The idea of making a fair tackle and then being asked to 'release' was, for a player who would rather play footy than eat or comb his hair, quite a disheartening concept. Post-Auskick Ryan's talents will finally be allowed to shine against a backdrop of fast hard footy.

## OLIVER HITCHEN

Ollie is a player to watch. His progress from green rookie last season has been steady if not spectacular. There is plenty of time for spectacular because Ollie is a great example of a player who practices with conviction, who listens to advice, who asks the right questions and is always playing for the team. His combinations with Harrison , Braith and Nick throughout the season got Ollie more involved in the contest and from that his skill level under pressure improved out of sight.

# U11s Coach's report & player profiles

COACH SIMON MUNN & KEVIN LUM

## COACH'S REPORT

Having two teams, the Blacks and the Whites, gave us a multitude of talent to deploy every week. The teams interchanged and supported each other in a way to make the club proud. Even though only a few individuals win awards, the entire Under 11s squad is a winning group.

The season started with one team playing in the under 12s Division 3, while the Whites played in the Under 11s. However, following Round 6 regrading, both Glebe teams played the balance of the year in the Under 11s division. This proved a great opportunity for our boys to play against children of a similar level and to match up against each other on a number of occasions.

No matter who played, when the Blacks played, they won and dominated the Under 11s.

Overall it was a great season where we saw improvements in the skill of all our players. As the season progressed the teamwork efforts exceeded expectations.

A special thanks to Lachlan White whose encouraging manner and clear communication spurred our kids on to greatness. He put in time at training and on Saturdays and many kids commented on how they appreciate how he influenced them.

Special thanks to our Manager Michael Bicknell, who juggled two teams in a changing divisional environment. His project management skills showed their supremacy juggling so many players. And a special mention to the parents who were regular helpers at training and games including Dan Hennessy and Jason Howard.

Thanks also to my co-coach Kevin Lum, who bought game knowledge from his own his own career as AFL veteran and who is always encouraging and developing the Whites players.

Thank you parents, thank you kids and I look forward to seeing you on the oval next next.

### GABE BASS-TRACY

Gabe started the season in full forward kicking a few goals and was a versatile utility around the ground facilitating play and goals.

### CLEM BICKNELL

Operating in the ruck and middle Clem was a cornerstone of our drive from the centre. He bounced back from a foot injury without complaint to be one of the great contributors of the season.

### SAM COFFEY-THORPE

A fast runner with intense intent, Sam seized a tagging role in a number of games with great results. Playing mostly in the forward pocket he had an overall great season.

### DAIRE FILTONGA

His characteristic strong marks and running game made Daire an invaluable member of the team. Not only is he an accomplished a goal kicker but he is a solid defense player who always makes a difference.

### SAMUEL BURN

A consistent member of the team whose dedication and improvement over the season deserves notice and commendation.

### TOM BROWN

Tom showed strong development this season and played in the ruck. Never afraid to go in hard for the ball. A good season Tom.

### KADE FOX-QUINN

2013 was Kade's first season and what a great start to an AFL career. He ran and carried with dash off the back line and was an effective centre half forward. Well done.

### BEN HENNESSY

An AFL player with great flair and style, Ben is often exactly where he needs to be on the field. With an instinct for the ball, Ben makes an important contribution to every game. A great tackler who had a really great season.

### NATHAN HARMAN

A solid player with a consistent and valued commitment to the game. At home at either the forward or back pocket. Well done Nathan.

### DYLAN HOWARD

A great season played by Dylan. from the centre of forward line he used his speed and silky skills to kick goals and set up many others. A strong mark and an outstanding season. Good work

### CAMERON KERR

A good tall forward and goal kicker, Cameron took some great marks over the season and played the game in great spirit.

**RYAN KITCHIN**

Often kicking the goal that made a difference, Ryan is a constant mark and a force to be reckoned with in hard game. Ryan always plays with great enthusiasm and had a great nose for a goal.

**RIAZ KHAN**

A latecomer to the club, Riaz always makes a good and consistent effort and we hope to see him back in 2014 for s second year.

**CULLEN LUM**

In his first season with the Greyhounds Cullen was a great asset to the team. A good kick and a tenacious player across the field. Well done Cullen.

**ABE MAHLAB**

The Energiser bunny of the team, Abe is always in and under, feeding out accurate kicks and handballs to his team mates. With countless possessions, Abe is a strong tackler who is never afraid of the ball. A really great season.

**OSKAR MATOS**

A good mark, usually in the back pocket, Oskar facilitated a number of good plays and was an important strong physical player in the team. Driven always by strong encouragement from the crowd.

**HUNTER MUNN**

Hunter is a consistent and committed player who generally played in the forwards where he created good combinations with his team mates.

**LUCIEN PROCTER**

A hard worker and consistent player, Lucien had an outstanding season where he demonstrated huge leaps forward in skill and delivery. A great team player poised for a strong 2014 season.

**MAX NORINGTON**

His first AFL year, Max missed many games due to injury. We look forward to his return for the 2014 season.

**MICHAEL READ**

Hampered by injury, Michael's late season game was impressive where he showed his strong running and kicking ability.

**JAMIE SHAW**

Playing in the back line, Jamie was often around the ball and presented many options for his team mates. Looking forward to another good season next year.

**LACHLAN WILCOX**

A strong runner playing in many positions, Lachlan showed versatility and showed a huge improvement throughout the season.

**SEBASTIAN WOOD**

A real terrier around the field, Sebastian shows great courage and constantly goes hard for the ball with great affect. A great team player and a great season. Well done.

**BYRON YOUNG**

A strong second season. Byron was one of the team's great improvers. A really strong and reliable back-man willing to contest, mark and see his team home. Great work.

# U11s

# U12

## Coach's report & player profiles

**COACH** LUKE MACDOUGALL

### COACH'S REPORT

What a great year we had. Preseason there was a lot of uncertainty with training grounds & home games, but the boys took it in their stride and knuckled down.

We concentrated a lot early in the season on fitness, and it showed throughout the entire year with the team trimming down and looking very lean. We showed consistent ability to keep up the intensity the entire game. This year the skills and ability really clicked with most of the players which made it very exciting to watch. A lot of the opposition coaches and managers commented regularly how well the boys have progressed and wanted to know how we did it and what did we do. Well I think I can put it down to the great help we received throughout the year, from the boys turning up ready to train, the Mum's, Dad's and Grand Parents taking time out of their busy life to get the boys to training and to the games, the guidance from Joey Britton and the amazing dedication and passion of our team manager to ensure that the boys get to play the game that they love. A special mention needs to go out to Oscar Gibbons our assistant coach. Without his valuable input, we wouldn't be half the team we are.

This year we were looking forward to our first season in a point's competition to see how we stood against the other teams. We knew we would make the finals as we have a really good team. We were so proud of them making it into the Preliminary final to only just being beaten by the top team. If we had of converted the handful of behinds into goals we would have beaten them. So to me, that's a win. Well done boys.

The team this year tried so hard even when things didn't go our way. Losing Eugene De Rooy half way into the first game of the season after breaking his arm (but he still took the free kick then left the field). He then had approx 8-10 weeks off with no training, came back to play one game and you would not have known that he'd been away and played an amazing game.

We also lost Riley Holmes in the second half of the season due to a nasty off field injury. He still turned up to a lot of games to support his team and it really encouraged his team mates.

Next year we are looking forward to grow even further and to show the passion that all Glebe Greyhounds have to play hard and fair. But most of all, to build on lifelong friendships. I hope all players return next year to continue

playing and to encourage some more friends to join us.

A final thank you to all those behind the scenes that volunteer their time to help this great club. To Margaret Cassidy for taking photos at every game and sending them to all the family's.

<b>COACH</b>	Luke Maccougall
<b>ASSISTANT COACH</b>	Oscar Gibbins
<b>MANAGER</b>	David Claringbold
<b>TEAM PHOTOGRAPHER</b>	Margaret Cassidy

<b>PRESENTATION AWARDS</b>	
Best & Fairest	Callan Pratt
Runner Up B&F	Riley Holmes
Best Team Man	Brendan Doyle

<b>MILESTONES</b>	
100 Games	Luc Claringbold
50 Games	Harry Cooper
	Jaylan Foster
	Gulliver Hull
	Jack Kitchin
	Elliot Preston
	Oscar Tierney

### **NICHOLAS BOWMAN**

Nick was a real asset for the team this year ensuring that he was always a strong presence in defence with his dominant tackling style and commitment to the ball. Combining that with a strong kick and a keen awareness for counter attacking options Nick made a significant contribution to a successful year. Well done Nick.

### **LUC CLARINGBOLD**

Making his presence felt in the centre with his ability to defend or attack as required, Luc is a key player for the team. Always prepared to put his body on the line or go in hard on the ball, Luc inspires his team mates with whole hearted displays. Chalking up a 100 game milestone this season was a real highlight and we look forward to much more in the future. Great year Luc.

### **HARRY COOPER**

Harry only played a few games with the team this year but he made an enormous contribution in those games with his long and accurate kick off both feet and his poise and vision in general play. All the boys lifted to the next level with Harry's presence this year and we hope we can see more of Harry next season. Thanks so much Harry.

### **LUKE DENVIR**

This was Luke's first season with the club and he proved to have a natural talent for footy. Luke was an excellent full forward for the team, always putting himself in position, competing for the ball and unloading his big kick with accuracy. Luke developed his understanding of the defensive and positional requirements of the game as the season went on and we look forward to developing his talent further. Great work Luke.

### **BRENDAN DOYLE**

Brendan was a goal scoring machine for the side this year with a real skill for sniffing out opportunities and converting even the slimmest chance into maximum benefit for the team. Always skilful in the open and determined in the contest for the ball, Brendan was key player in the team's success this year with 35 goals scored, which is a fabulous effort. Well done Brendan.

### **EUGENE DE ROOY**

Eugene broke his arm in the first game of the season this year and after a long rehabilitation returned to the field with his typically robust play only to suffer another injury that put an end to his season, The team all missed his calm and assured play this year, but look forward to a big 2014 when he returns.

### **JAY FALKINER**

Jay really stood up this year as one of our go to guys in defence. This is such a crucial role for any team to have players like Jay who understand that a goal saved is a valuable as a goal scored. Jay's marking ability was exemplary this year as were his wholehearted efforts in every game he played. Jay scored 4 goals this season from his few moments up the front. Awesome year Jay.

### **DOMINIC GIBBINS**

Dom is the litmus for the team's performance throughout the year. Dom is exceptionally skilled and talented and really ensures we have the attacking and defending ability required to match it with the top teams when he is switched on for the game. Dom won our most consistent award and kicked 13 goals. Another great season Dom.

### **JAYLAN FOSTER**

Jaylan really took his game to the next level this season in both attack and defence. Jaylan is blessed with speed and skills that allow him to capitalise on opportunities in the forward line and work hard in counter attack for the team and always plays a whole hearted game. Excellent work Jaylan

### **MAX HOCHULI**

Max took great strides with his development this year and turned into one of real stand out performers. Occupying the right defensive side of the field, Max got the team out of trouble time and again with his speed, ability to go hard at the ball and his booming kick. Next season promises great things, well done Max!

### **GULLIVER HULL**

Gulliver has really developed into a key part of the squad and has worked really hard on his positional play and skills all this year. Gulliver has developed a dependable grab in traffic and uses his size to ensure we are always competitive at the ball. A great season Gulliver.

### **CORMAC KENNE**

Cormac is developing into a formidable player, attacking the ball at pace and launching counter attacks, Cormac is a key member of the team who is a natural in both defence and attack. Fortunately for us Cormac is a s passionate about stopping goals as he is about scoring them. Awesome season Cormac.

### **JACK KITCHIN**

Jack played a key role for us this season with his ability to slot into the forward line, defensive line or win the ruck ball for us as required. Jack displayed great marking skills this season and is understanding the value of positional play and shepherding to assist a team mate. A real team player, Jack is developing nicely into a very handy footy player.

### **ANGUS MACDOUGALL**

Angus is one player that the opposition certainly do not look forward to playing each week. With a combination of skill, versatility and a real physical presence on the field, Angus asserts himself and wins countless ball in the contests for his teammates. With a big kick and safe hands, Angus has developed in to a fine footy player. Well done Angus.

### **CALLAN PRATT**

Our best and fairest for the second year running, Callan is an invaluable part of our team who inspires the squad with his commitment and skills. Leading by example Callan has a great vision for the game and the tenacity to take to his often much bigger opponents and come out on top time and time again. Callan kicked 23 goals this season, a super effort.

### **ELLIOTT PRESTON**

Elliott has found a niche in the ruck for our team and has rapidly developed into the competitions best ruckman. Winning the great majority of ball for us is a an advantage we will look to exploit more over the coming year. Elliott also has a fine open field game that is developing nicely. A great season Elliott.

### **OSCAR TIERNEY**

Oscar was a revelation for us this year in that all of his nascent promise as a footy player came together this season. Oscar played in the defensive pocket for the team and played several inspirational games that really lifted the team. With great speed and skills Oscar is shaping up to be a real force for us next season.

### **RILEY HOLMES**

Riley was outstanding for us this year until his season was cruelly cut short by a nasty accident at home. During the 9 games Riley played he proved himself to be a real player of the future in both attack and defence and was our runner up, best and fairest. Riley has great positional sense and a fantastic kick. I can't wait for next year to see how Riley develops.

### **MAX RODIE**

This was Max's first year with the club and his first year of AFL but it didn't take long for Max to make an impact with his defensive work and keen support play. Max put in lots of additional work and as the season progressed, his skills and game sense improved to match that of his team mates. A great first season Max!

# U12s

# U13 Coach's report & player profiles

COACH BRAD SCUTELLA & DAVID ALAIS

## COACH'S REPORT

Normally winning 12 out of 15 games during the season is a pretty good result. However when one of those losses is a grand final it takes the edge off an otherwise good season. What made our season particularly hard was not having the full complement of 18 players or a bench for any of our games except for the preliminary final and the grand final.

We had the good fortune of Cooper Kilpatrick joining our team after four rounds, then Tom Baxter coming on board towards the end of the season, mixed with the misfortune of losing Frazer Duggan for the season together with Tom Dessent who despite two broken bones in his foot came back for the grand final to help out his team mates. For most games we scrapped together between 15 to 17 players with no bench.

On top of all of this, training on a dog paddock at Federal Oval and not having a proper home ground made our season even more remarkable. As a team we had the good fortune of having Joey Britton to help out for the season as well as the ever reliable David Alais who continues as a foundation coach of our team.

We also welcomed new players Tom Linfield Kent who was a goal scoring revelation up front, as well as Sam O'Loughlin who showed his versatility by playing in the backs, forwards and ruck. Frazer Duggan had a solid start until injury ended his season early.

We led at the top of the table for the whole of the season despite the odds being against us. We beat Pennant Hills comfortably in our first game followed by a close fought win over West's with 14 players (we had to borrow one of their players for the game) thanks to a torpedo goal by Miles just on full time.

Next we knocked off St Ives by 20 points however we kicked 4.16 to keep them in the game. Round 4 saw the introduction of Cooper Kilpatrick to our team who had a good game against Willoughby/Mosman under lights at Gore Hill Oval. The following week we had a cricket score win over Forrest's followed by a tough encounter against Riverview.

Due to our scrambling success we had the threat of being moved up to Div 1, however after some careful lobbying we were able to avoid elevation.

The following week we had a solid win against Newtown with Wes having a cracker against his old club, followed by a washout then a loss to West's which brought us back to earth.

The next three weeks saw another washout followed by an easy win over Forrest which also saw the introduction of the highly skilful and fast running Tom Baxter. Tom with his footwork and ball skills made a big difference to our team. We then had a win over Riverview however we needed much stronger competition to prepare us for what laid ahead. We then hit a 'purple patch' with a bye

followed by a strong win over West's, Ramsgate (in a friendly with Tom and Cooper playing for us due to low numbers), then a win over Hornsby in the last game of the season.

In the first semi final, West's gave us a taste of what lies ahead by beating us at Picken Oval however the boys bounced back well the following week by thumping St Ives at Pioneer Park, Maroubra. Then the grand final.

West's got off to a good start kicking three unanswered goals which set them up for the rest of the game. The boys came back strongly, however, with Tom Dessent playing on one foot and Tom Baxter coming off injured in the third quarter, West's were too good on the day. A valiant effort from a fine bunch of boys.

As I mentioned on grand final day, I like coaching these boys not necessarily because they are the most talented boys in the comp but because they are a nice bunch of boys who don't give up and always go in hard.

I am sure if we are able to recruit well next year, together with retaining the numbers we had this year we can do better. If you have any friends at school who are keen for a game of footy next year bring them down.

A big thank you to Roger Bluett who again did a great job managing the team, organising kids, parents and coach's. Without Roger's organisational capabilities we would have done it pretty tough as a team.

Also a big thank you to the mums and dads who helped out this year with the BBQ and Canteen and the dads who ran the goal umpiring and for setting up and putting the footy gear away at our home games.

Congratulations on a great season boys you did your club proud.

### **TIM ADAMS**

Had a solid season playing as first ruckman. His ability to win the hitouts time after time was a big factor in our success this year. Throughout the season he developed strategically in directing his taps to our centre players and improved his positioning around the ground, going forward as a tall marking option or sitting a kick behind the play to stifle opposition rebounds.

### **PHILIPPE ALAIS**

Contributed a solid season playing mainly as a small forward or on the half-back flank. Learnt to lead more this year to get the better of taller opponents and his positional play crumbing around the packs developed. His accurate kicking set up many teammates with neat passes and he always moved the ball on quickly.

### **TOM BAXTER**

Had a big impact this year despite playing only a short season. Tom showed he is an incisive runner and very skilful with the ball whether marking or kicking. His reading of the play and competitive attitude shone out and his accurate passing was appreciated by his teammates.

### **SILVAN BLUETT**

Played a very strong season in 2013. Positioned mainly on the half-back line Silvan was a dependable and competitive defender who was rarely beaten. He showed this year he could take solid defensive marks under pressure and hold his position in the packs. Silvan always stood up when the game was tight and developed well this year in terms of strategy and tactics.

### **BILLY CHUDLEIGH**

Another strong season playing mainly in the back line. Rewarded with representative selection in City team and NSW/ACT Joss rep team. A robust defender who plays hard and takes no prisoners, can always be counted on in a tight game. Complimented his defence with an attacking flair in his long runs out of the backline to set up rebounding attacks.

### **HARRY COOPER**

Since leaving Sydney Harry could play only a handful of games in 2013 but his contributions were always welcome. He has a tremendous overhead mark and is a great kick off either foot, regularly hitting teammates with accurate passes. Playing mainly as a forward, he showed this year he has great footwork when under pressure and will develop as a midfield option.

### **TOM DESSENT**

A long-term team member who managed only a handful of games this year, Tom reminded us each time of what we were missing. Tom leads hard at the ball and marks strongly and shows a lot of positional sense around the ground. He is a team player who links up well with his teammates. We'd love to see Tom more often in 2014.

### **FRAZER DUGGAN**

A new player in 2013, Frazer fitted in well and enjoyed learning the game. He has plenty of natural ability and was a tireless warrior this year. He always competed hard and showed a good understanding of the game in his decision-making under pressure.

### **MILES GLOVER**

Another great season from Miles. Using his big leap and clean hands to take some great marks. Playing mostly on the forward line he was always a threat to the opposition and kicked some booming long-range goals, kicking a team high of 24 goals. He also made very strong contributions when swung around to half-back to help in defence.

### **WES GREENAWAY**

Had another outstanding season playing on the half-back flank. Wes shows excellent judgement under pressure and executes well with his accurate kicking and handpassing. He is an excellent team player who shares the ball well running out of defence and on occasions runs into the forward line to provide a marking option. A great season and polled well in the Best & Fairest.

### **MIKEY GROVE**

Had another outstanding season playing at fullback. Mikey is a very strong competitor who has the knack of outplaying his opponent with very strong body work and never going to ground. He has a tremendous burst of speed and attacks the ball with fierce pace. He is a great defender who is always committed to leaving his mark on the contest.

### **JOJO HOWARD-SHIBUYA**

Had an outstanding season in 2013 playing strongly on the wing or half-back flank. Jojo used his tremendous pace to provide rebound off half-back and to find space on the wing. As well as his speed, Jojo has safe hands when marking the ball and is very determined to win the ball at ground level where his efforts 'in and under' were inspiring to his teammates.

### **COOPER KILPATRICK**

A great kid to coach who fitted straight in with our team. Arrived with a bang in round four against Willoughby/Mosman and played a 'cracker' of a game. Has all the essential skills required to make it in AFL, great kick, pass, mark, tackle, shepherd, goal. Came second in our Best and Fairest and second in the GSJAFL Sydney Harbour. Looking forward to seeing you back again next year.

### **TOM LINFIELD KENT**

Great first season of footy. A soccer convert who never looked back. A fearless kid who showed great tenacity for the ball and was quite ruthless against opposing players. Found his true position in the forward line, bagged a very respectable 17 goals for the season and showed that he has great versatility. I wouldn't be surprised if he also develops into the wing position moving forward.

### **CHRISTIAN MIRABELLI**

Improved as the season moved on. Started to use his body a lot more to advantage, blocking and shepherding competitors, big improvement in his tackling and became very physical with the close in footy. Played in both the forward and backline and always tried hard with plenty of team commitment.

### **PATRICK MCCORMACK**

Probably found his niche position this year in the forward pocket however was also very capable on the wing using his pace and step. Accurate with the boot kicking a very respectable eight goals and always played a hard physical game. Great in defence cleaning up many opponents. Well done Paddy.

### **SAM O'LOUGHLIN**

In his first year of AFL Sam had a great first season. Played predominately in the back line, possess a great overhead mark, kicks well and scrambled well in defence. Also played in the ruck from time to time as well as up in the forward line where he was rewarded with nine goals for the season. Great first season Sam.

### **RORY POTTER**

A champion player with a big heart. Had another great season on the wing, tackled everything that moved and never took a backward step. Has all the qualities of a great team player. A brilliant wingman who ran all day and just wants to be part of the action all the time. Looks great when running with the ball and always looks for supporting players.

## **JAMES SCUTELLA**

Had a strong season and led by inspiration as Team Captain. Winner of the Best and Fairest award, showed plenty of courage when diving on the loose ball, fearless in defence and capped the season off with 18 goals. Selected in the City Rep team and the NSW/ACT Joss Representative team. Great season James well done.

## **TOM STAPLETON**

Had another strong season and displays his versatility by being able to play in many positions. Possess a strong overhead mark and has good positional sense and knows how to find the ball. A highly effective player when in space and able to make leads and able to find supporting players. Capped the season off with a very respect table 12 goals. Well done Tom.

## **GRIFFIN TAYLOR**

A long time team favourite who doesn't stop trying. Played in every game of the season who knows his way around the ground. Established himself this year as a forward pocket player who pulled off heavy hitting tackles well above his weight as well as setting up many goals. A clever player who scored a few himself and set up many for his team mates with some pretty deft kicking. Great season Griff.

## **LOUIS WILCOX**

A great backline player who gets better every season. Has excellent ability to read the play and take strong overhead marks at decisive moments. Always looks comfortable even when under pressure and excellent kicking saw him repel many an attack. A strong team player, linked up well with the other defenders and was a key part of a very strong defensive unit this year.

# U14

## Coach's report & player profiles

**COACH** MARK GARDINER

### COACH'S REPORT

Second week of January and with Australian cricket at an all time nadir Jack Gardiner and Darragh Mullen took the first steps in what would become the Greyhound's journey. It's a pretty good spot to be Bicentennial Park in summer and as I look back over a winter of federal oval, of flooded fields, of injuries and returns, of truly heart breaking loses and some stirring victories it seems a long time ago. So with spring upon us and the prospect of Jubilee Oval being just around the corner, time to take stock of 2013.

All the greyhounds became Nomads this year's. No Jubilee meant training on the federal dog park. No Jubilee meant a new home ground Mahoney oval. This sort of disruption is hard for a junior footy club and we started the season with the bare minimum of 16 players. Under circumstances as tight as this the work of Brian as manager was paramount. Armed with the world's dodgiest phone he got a side together every week, managed players, parents and property and when you consider only five of our side played every game this was a monumental performance. It should also be said that Roger and Brian's work in getting the 13s to every game was an example of how good footy clubs work. The 13s and 14s trained together and played together and in many cases it was the 13s who won us games of football. A testament to this team mentality was the number of 14s who showed up to watch the 13s crack at the GF. David ran

for me all year, Brad was always incredibly supportive and Joey's work at training was brilliant though he was rubbish with a white board.

So, to the season...

Day 1 – James Dunlop broke his hand. So we are down to 15. The fixture was threatening. We were to play the best 5 in the comp in the first 5 weeks, including 2 trips to Pittwater the eventual premiers. Henry and Darragh lead the teams during this period and whilst we did not get a win till round 7, which was a forfeit, the boys were listening and learning and doing their job. All journeys have forks in the road and the Greyhounds one came in Round 7 at St Ives. Any chance of finals disappeared if we lost or forfeited this game. And it rained, biblically.

The drive to St Ives was harrowing and all the way there the chance of a game diminished. All other games in Sydney that weekend were cancelled. St Ives knowing that a winner a forfeit on our behalf gave them a win rolled the dice and kept the ground open. It did not stop raining the ground was ankle deep and the pregame speech was delivered to 14 boys huddled in the back of Aiden's van. This game was arguably my favourite for the year. Everybody did their job. Nobody complained. They played great footy. They won and the season was alive.

Next week back to Mahoney and we beat Maroubra. James Dunlop's first game back

and the side took shape. Players like Chris and Sam who played up last year were revelations, the back line of Jack D, Remy, Olly, Charlie, Connor Louis and Henry turned into a rebounding machine, a midfield of Darragh, James, Jack G, JoJo, Isaac and Alex fed a forward line of Phillipe, James Scutella, Osh, Miles and Tim. They had listened but most importantly had learned that if they played like this there was a bit more in the season than we thought.

The next 2 weeks were washouts.

A hiccup against Maroubra at Heffron was followed by a big win against Easts. As this was all unfolding it was becoming apparent that the football being played was not only effective but entertaining. The next week underlined this when we travelled to North Narabeen .....again. Pittwater won the comp. They lost once. They are huge boys and skilful. They did not score in the second half as we finished 4 behinds short with the ball in dispute 15 metres out. Every week from here was must win. Five goals down in 10 minutes against St Ives the next week was obviously not ideal. Glebe kicking the next 10 was. And so to the last game of the season. We win, we play finals. Cinderella story. In the way was Maroubra at Heffron, already in the finals and our likely Round 1 Elimination Final opponent. Our start was again horrible. Maroubra kicked 2 before we had touched a ball. After that was the best football I have seen these boys play in 5 years. Their skills have grown with them. Importantly they

have worked out what a team can do when everybody does their job. Watching parents and spectators that day love the way this side played was one of this year's memorable moments.

So off to finals

Zero and 7 to start the season and here we were, Maroubra to beat at Picken in an Elimination Final. These sort of games rarely turn into a romp. Usually it is one on one football and you win because your 22 beat their 22. Ours did by 8pts in as tough and as hard a game played this year.

One more week had been our mantra all year and here it was. Newtown. Game was a blur with a lot of lead changes and I would have loved another minute.

Most importantly I reckon that everybody who watched the game must have come away realising what a terrific TEAM we had. Our football games are played over 60 minutes and in a game lost by 1 point no single moment costs a game. Whether that be a decision by an umpire, a bounce, a fingertip in the wrong place all these add up to what makes this the best game on earth. I imagine if we had of won by a point Newtown would have looked at a wasted season were as we look at it as lost game.

So from the back of a van in driving rain to a breath from a Grand Final the 40 or 50 members of the Greyhound U/14s had a bit of fun. So tell your boys as I told Jack what an amazing thing it is to play in a team like this. They have been together for in some cases 5 years and every year they have got better. Nobody is hidden in this footy side and I know we are not nearly finished yet.

So thank you...

To Brian and Michael again.

To Richard Glover for not only this year but the 5 preceding.

To all those who waved a flag or ran a boundary.

To the unofficial selection panel (you know who you are).

To the best Members stand in junior football.

And most importantly to the 26 hairy smelly adolescents who all became better footballers.

50 Games	Chris McMaster
	Daragh Mullen

### **OLIVER ASHBY**

After a big finish to 2012 Olly started the season at full back always taking the oppositions best forward and giving consistent rebound. By the end of the season he was without out doubt the dominant tap ruckman in the division.

### **MURALI CHINNAPPA**

The U/14s swing man Murali played across all positions from ruck to forward finally settling at full back where his skill and run set up a lot of forward moves. At the end of every game it was rare to remember any influence that his opponent had had. One thing though.....he never shuts up! Talk talk talk.....

### **REMY DE ROOY**

Along with Jack Devonshire and Murali, Remy formed a formidable wall in defence. The number of times a football would head towards goal and Remy managed to get a hand on the football or influence a contest was remarkable. Remy knew his job and did it better than most in the team and like Murali.....he never shuts up! Talk talk talk.

### **JACK DEVONSHIRE**

One of the most improved footballers in the side. He trained the way he played and as the season went on he had more and more influence with his run and carry. Along with Remy Murali and Olly they formed a back line which was disciplined and tough. Went forward and kicked one of the season's memorable goals. Jack actually does talk.

### **JAMES DUNLOP**

I was lucky to have 3 brilliant leaders this year. James walked under a ladder on his way to training early in the season and had more injuries than Evil Knevel. He turned up to training he turned up to games and when he got fit was the missing piece in our season. Part wrecking ball part skilled football it was a pleasure to coach James all year. He too never shuts up.

### **JACK GARDINER**

Who was that dark haired boy with the ball tucked under his arm running to goal... hmmm. Like a lot of the team Jack has taken it to a new level spending time as part of our midfield rotation. His understanding of the game has surpassed his father's (I know he told me) and he now has the tools to do something about it. It is the pride for the team and the club which is a standout and next year is too far away

### **OISIN FILITONGA**

Every training session every game Osh bought his brand of enthusiasm to the u/14s. As the season went forward his terrific skill levels and forward positioning gave us a lot more options deep and allowed other players to push up the ground. You can tell Osh loves the game and the club and this is infectious.

### **HENRY GOWERS**

From goal sneak to defensive general Henry became the team's quarter back, in fact he tried his hardest to make me redundant. During a difficult start to the season Henry's maturity and leadership gave us the confidence to push forward with the game plan that eventually saw the wins come. Henry has now played about a thousand games of football and he uses that experience to become a trusted on field coach. A great season.

### **ISAAC MAHLAB**

Given the fact that Isaac played a lot of sport on weekends and given that over the time I have known him he lives absolutely nothing on the field anytime his season was remarkable. The last 3 games of the season which all were finals to us his unrelenting work in the stoppages and one kick back gave the forward line ample opportunities.

### **CHRIS MCMASTER**

Where have you been the last 3 years! From the start his run and carry ignited the greyhounds whether it be from deep in defence or out of the middle. Along with Jack he was a non-academy selection for the city rep side. Easy to coach always enthusiastic at training he too was one of those guys who never stopped talking.

### **ALEX MOUNTFORD**

After a year of playing up a year Alex returned home! Blessed with size and pace Alex's skills have taken off as well. The art of tagging footballers is a tough one but to tag then win your own football and then make the opposition accountable is a rare skill. Alex did this against good sides and his performance against Pittwater was one of the sides best for the year.

### **DARAGH MULLEN**

I have known Darragh since he was 6 years old. In January we started training and it was 3 of us for a little while and I don't think he has missed a night since. Combined with his Academy duties he has put a lot of work into this season. I don't need to tell anyone about his football attributes but every week I gave him the hardest gig on the ground and he did it. Along with James and Henry he led this team brilliantly.

### **SAM EAMES**

As with Chris, where have you been for the last 3 years. For those who have watched this season the improvement in players over the season was marked but Sam's last 4 games were off the charts. Nobody could tackle him nobody could catch him and his long kicking set up our forward line. Against Maroubra the greyhounds were running in waves led usually by Sam getting the football and then doing something smart with it. He also does not shut up.

### **CONNOR SMITH**

Connor has a lot to be proud about. He ran straight and hard all year he took as many marks as anyone. He looked to handball not as a get out but because it was the right thing to do and kicked it to advantage. He is now a quick hard footballer but most pleasing to me is the fact he now understands the game and this is the gate to becoming an even better footballer.

### **HUGO YOUNG**

After James walked under his ladder Hugo followed and it fell on him. However in between a few painful injuries Hugo treated us all to some truly electric performances. Nobody in the Greyhounds entertains like Hugo and he becomes such a massive part of our set up. There are a lot of reasons to be excited about next year but a forward line with Hugo in it is one of them.

### **CHARLIE STOKES**

Half way through the season Charlie came and played with us. Whether back or forward he never stops he is fast he can mark and is utterly fearless. He can play in this side anytime he wants.

### **THE U13s**

Without our mates from the 13s we probably would have not got a side for 7 or 8 games. So quickly a word. James Scutella's polish, Phillippe's game at Pittwater, Sylvan's poise under pressure, Louis' attack on the football, Miles because he is Miles, Jojo whose first 2 years have been unbelievable, Tom Stapleton for wanting to play every game, Tom LK who is so impressive for a first year player and Tim who we chased for weeks and turned into our own Paul Salmon.

# U14S

# U16s Div 3 Coach's report & player profiles

COACH JAMIE LAMSHED

## COACH'S REPORT

This season the team moved to another level. As U15s playing in U16s we had our work cut out for us against oppositions a little bigger, perhaps a bit more mature and often with more footy under their belt.

We trained as a group with the Div 2 side (true U16s) throughout the year, focussing on our basic footy skills, good decision making and controlling the footy to our advantage.

During the home and away season, the boys proved to be gutsy competitors. There were moments when we were unstoppable and moments when we were a little ordinary. But every week we played hard and most weeks we won.

One of our most memorable games was against Baulko at home. We were up by almost 10 goals at half time. At the start of the third quarter the umpire blew his whistle and called all the boys to line up for a team count. The coaches scanned the bench and our hearts sank – we had 19 players on the field. In what must be the harshest penalty in sport, our score was stripped back to zero, putting Baulkham Hills 23 points ahead. How would the boys react to going from 10.3 to 0.0? They rose to the situation with great maturity and confidence in themselves to reclaim the game. We kicked 5 unanswered goals to finish the 3rd quarter 2 points ahead. Baulkham Hills had the wind in the final

quarter. Would we be able to hold them? In an incredibly tight final quarter, the score went goal for goal, point for point. So tense one parent retreated to the car. When the siren finally sounded we had emerged with a 3 point win. The final 'official' score was 7.5.47 to 5.14.44. The unofficial score was 17.8.110 to 5.14.44. That's the mongrel Greyhound spirit we all love.

My heartfelt thanks to...

Maxine Bartlett for her hard work throughout the year for both the team and as Registrar for the Club. Maxine is always the first to arrive and last to leave every game and without her everything would be chaos.

Assistant coach and Runner Sam Nachtergaele for his insights at both the games and at trainings. Sam is clearly every bit as passionate about this team as the players and a pleasure to coach along side.

Div2 coach Max Friend was instrumental in the development of the style of footy we played throughout the year. He ran most training sessions and pushed everyone to be their best. Max deserves our accolades.

Thanks also to the Club's number 1 boundary umpire – Peter Gowers. Goal umpires – Ross McInnes and Hugh Morgan. Phil Kennedy for his fabulous photography. And Jeff Wright for his guidance and help throughout the year – particularly at tribunal.

Thanks to all the parents – in particular those who helped with the canteen, bbq and ground management at Mahoney, but mostly – all of you for your support and encouragement throughout the season.

Most importantly, thanks to the players...

Our two captains – Charlie Morgan and Will Gowers. Two blokes who led by example all year and are truly talented football players with big futures ahead of them. The rest of the team looked to these guys for setting the bar and Will and Charlie never let them down.

We had a number of new players who played their first year of footy with us and the long-time members of this team made those guys feel welcome and helped them along with their development throughout the year.

The rest of the team. A great bunch of fellas who are coming along both as players and young men. I can speak for everyone involved when saying we are proud to watch you play your footy at Glebe and expect you will all return to our new Jubilee ground in 2014.

Side by side!

<b>UMPIRES</b>	
Josh O'Loughlin	Daniel Holman

## **AARON ABBONIZIO**

Aaron is a strong and reliable utility player who played in a variety of positions this year. Crashing through packs, Aaron used his frame well for many hard ball gets, as we came up against some seriously big opposition players this year. Aaron remains an important asset to the team and with continued fitness will only keep improving.

## **LUKE ASTRİ**

Luke had a slowish start to the season due to a serious ankle injury. Once he got going again, he returned to form quickly due to his great fitness and uncanny ability to read the play and get his hands on the ball. A great backman who thinks quickly and a potential outstanding midfielder.

## **LLOYD CONOLLY**

An intelligent player who picked up his basic ball skills quickly in his first season of footy at Glebe. Lloyd is tall agile lad with good speed and played well in the forwards. However due to an extended overseas trip Lloyd's season was cut short and we were unable to see Lloyd's full development as a player.

## **MAX DREW**

A ferocious football player who's passion and tremendous efforts make him an enormous asset to this team. Max would do all the tough work at break-neck speed until he was physically exhausted. Max should also be noted for his choice to play in this team over Div2 and he has been rewarded with the Best Team Man award – a coach could not ask for more commitment from a player.

## **WILL GOWERS**

Possibly one of the best midfielders in the competition, Will co-captained the side with all the maturity and leadership qualities that comes with his big reputation. Will is quick and clever at the stoppages amassing touches like no other, and has the ability to deliver the ball to leading forwards masterfully, whilst being just as effective in a defensive role. Will was brilliant everywhere and instrumental in providing the opportunities for the team's success this season.

## **DANIEL HOLMAN**

Daniel's footy skills developed well this year to a point where he became a regular in the starting line-up. With most of the season spent in the forwards, Daniel is a strategic player who looks for opportunities out wide. As Daniel's confidence around the ball develops, so will Daniel as a footballer.

## **MICHAEL KENNEDY**

Always dependable in our last line of defence, Michael had a great season in the full back position this year. Great reliable hands in the packs and always pressuring, Michael's cool head and decision making process made him a tough opponent for any full forward.

## **HENRY LAMSHED**

Henry was a revelation this season – rarely beaten in the rucks and equally imposing when in the forwards. Henry throws himself at the ball, at an opposition player and at the bottom of the pack. He's quick with his hands on the ball, unstoppable at a tackle, sensational in the air and rounds off with a great left boot. Definitely the most improved this season.

## **CHARLIE MORGAN**

Our run-away B&F winner this year, Charlie deserves all the accolades offered. A sensational player and a goal kicking machine, Charlie is simply awesome to watch. Sleight of foot, screaming marks and a long accurate kick, Charlie is the full AFL package and one who leads by example.

## **JOSH O'LOUGHLIN**

One of the most athletic big men you will ever see, Josh had another outstanding season in the ruck and on rotation in full forward. Josh's leadership qualities and ability to impose himself on a game anywhere on the ground makes him an ever increasingly important member of this footy side.

## **ATTICUS ROCHE**

Becoming the all round defender, Atticus had a stellar season. Atticus was terrific picking up the loose player and dropping off in order to provide the one-two as the ball ran out of our backs. You could tell he was loving his footy as each week he got better and better.

## **JOSEPH STAPLETON**

Joe is the ideal player to have in the deep centre half forward position. With excellent marking ability, a superb kick and tough as you like, each weekend Joe provided the focus into our forward attack we needed. A well deserved recipient of the Most Consistent award this season.

## **WILL STEWART**

Will performed the role of our loose defender with great success this season. His almost robot-like focus on finding that loose man or rebounding the ball out of our defence was fantastic.

### CHARLIE STOKES

A player who like playing up against the biggest opponent on the park, Charlie is a player with no fear and gets in the face of the man he's standing. If someone needs a bit of roughing up, Charlie's the man for the job. Charlie improved out of sight this year and with further work on his ball skills Charlie will become an even bigger asset to this team.

### NED TARANTO

Ned made the transition from rugby to our great game for the first time this season and made it look like he's played AFL his whole life. Ned's role in the midfield structure was instrumental in tirelessly creating the holes for others to slip through into attack. As you'd expect his tackling was awesome and with clean hands is a well deserved Rookie of the Year winner for 2013.

### BEN TEMPLEMAN

Carrying a fairly debilitating foot injury for most of the season, Ben still made a significant impact on our side by slotting into the centre half back position. I don't think we've seen anything near Ben's capabilities and after a recent operation we hope to see him at his best next season.

### HAMISH TRANTER

Sixpack consolidated his forward role by kicking one of the most memorable goals of the season. Always enthusiastic and always trying his guts out, Hamish is another who with a bit further development with his ball skills could take further advantage of his size to his teams advantage.

### MILO WATKINSON

Milo had an incredible season considering this was his first. A very reliable contributor to our defensive set-up, Milo developed his basic skills very quickly and with great balance and poise instantly became an important cog in the team.

### ISAAC WALLIS

This season's recipient of the Most Determined award, Isaac will be remembered for his ability to out mark, out tackle, or out play opponents twice his size. Isaac has great skill and makes intelligent decisions with his disposal of the footy. Couple this with his weekly displays of pure grit and determination like no other, Isaac is always a crowd favourite.

### RAPHAEL WEIR

Raphy had another great season tearing up the wing and the occasional stint around the breakdowns in the centre. Raphy's strength and speed with the footy and his ability to chase down an opponent makes him another player we love to watch.

### TRUE UNDER 16s PLAYERS

A big part of our success this year is due to the efforts of the true U16s (Div 2) players who rotated into our team each week. Regardless of how well they perform in Div2, they had the opportunity to shine playing in a lower division and to their credit, some did. The Div2 boys help and encouragement also pushed everyone to their competitive best. I know the boys enjoyed training with them and being part of the greater U16 squad.

A special mention goes to Oscar Gibbins who made every attempt to be consistently part of this team and had a very big impact on our performance on each game day he contributed to. Oscar is a natural talent who uses his body well around the goals and equal to the task in the backs.

### UNDER 14s PLAYERS

Daragh Mullen, Oliver Ashby, Henry Gowers, Jack Gardiner and James Dunlop from the 14s were as important players to this side as any other members of the side. Already exhausted, these boys would regularly back up after their gruelling U14s game and slog it out again with us. Daragh and Oliver were both sensational and ever-reliable in the backs. Henry and Jack were awesome as goal sneaks in the forwards. Whilst James' talent and skill would shine anywhere in the midfield.

## U16s Div 2 Coach's report & player profiles

COACH MAX FRIEND

### COACH'S REPORT

I think we can say this year was a successful year both on and off the field. Not only did we make the finals and finished with predominately wins, but we also found out that we will all be returning next year for the U17s!

Despite not having a proper ground to train on all year and having training times that made it hard for a lot of the guys to get down to training, the boys and parents did exceptionally well to get themselves down to training.

Thanks to all the boys for their commitment to the team, club and each other. Thanks to all the "footballing staff", who have helped out on game day with photos, water, running messages, administration, umpiring and stats. Also, a big thanks to the coaching staff Jeff, Jamie, Maxine, Michelle and everyone who contributed to the team.

Let's build on what we have created over the years and make sure the team (when I say team I include everyone who has contributed: parents, officials, supporters and players) all return bigger and better next year.

These years are some of the most memorable years in your life and you will always remember your time at the Greyhounds!

Side by side, 2014

<b>UMPIRES</b>	
Rowdy Friend	Oscar Gibbins
Alex Wright	

## **TOM DUNLOP**

A hard midfielder who applies enormous amounts of pressure. Tom likes to take off with blistering pace, breaking tackles and flies at the ball at 100 miles an hour. Tom is strong in the air and makes his presence felt on the footy field. Tom captained the squad and led by example setting the tone for most games with hard tackles and spoiling efforts. Player Comparison: Patrick Dangerfield

## **JACK FOX**

A really consistent midfielder who can run all day. Jack's biggest strength is his ability to run and get to every contest and find plenty of ball as well as the ability to take down someone twice his size. The return of Jack this year really lifted the team as he put in a solid performance week in and week out. Player comparison: Sam Mitchell

## **ALEXANDER MANNING**

Alex is a tall half forward flanker/ deep forward option. Alex provides good height and a forward target. When the ball drops to ground Alex is on the move and ready to pounce. Alex's size and athletic ability make him a hard player to match up on. He can also find the goals and is a good kick of the footy. Player Comparison: Taylor Walker

## **FINN POTTER**

Finn is a quick winger who plays his best football in short and fast bursts. Finn gives a good link up option between the defenders and forwards and will always get around the contest. Finn's best asset is his speed and he can chase and run with the footy when necessary. Player comparison: Chris Yarran

## **CHARLIE ROZARIO**

A disappointing injury riddled season for Charlie. When he managed to get onto the park he was exceptional, and his intensity and focus for the ball was repeated with continuous second, third, fourth and fifth efforts from Charlie. Charlie's pressure and desperation exemplified for the boys the way we want to play our football. Player Comparison: Josh Kennedy

## **HARRY HARVEY**

A quick athletic forward who impresses with his speed, ability to break the lines and kick a long freakish goal. Harry knows where to find the goals and uses his ability to burst away from his opponent. His booming accurate right boot led to many a goal this year for the greyhounds. Player Comparison: Lance Franklin

## **JAMES DUMMETT**

In his first year JD showed his versatility and natural ability to win the football. JD is strong over the ball and is a player with a fantastic work rate. He often pushes up the ground providing options off the half back flank. He is a solid defender who can kill a contest or push into the midfield and apply pressure to the ball carrier. Player Comparison: Brad Sewell

## **SAM CLARK**

Sam is a rebounding defender with a good work-rate and a strong set of hands. His athletic ability allows him to push up the ground and take some strong marks in defence. Sam is a natural leader and his passion for the team and game is shown with his attack on the ball on the field and his encouragement to others on and off the field. Player Comparison: Daniel Talia

## **HARRY DOUGLAS**

Harry is a big bodied defender whose biggest strength is his tackling and ability to put pressure on the ball carrier. He is not afraid to get down to the footy and stop the opposition in their tracks. Player comparison: Nick Duigan

## **LIAM FOSTER-CONSTABLE**

Liam's rapid improvement throughout the year was seen when he attacked the ball and showed his mobility. Liam also showed his promise in the air taking some strong pack marks. With more development and training Liam will be able to take his skills and football to a whole new level. Player comparison: Taylor Adams

## **ROWDY FRIEND**

Rowdy played as a classy forward who was also able to run through the middle. His skills along the 50 helped set up plenty of goals, his evasiveness, ability to slip tackles and draw free kicks make him a dangerous player around the ball. Rowdy has great hands and it gives great pleasure to the crowd when he takes a grab over someone 4 times his size. Player comparison: Tom Mitchell

## **JOSH CLARK**

Josh has explosive speed that gives him an advantage over everyone else on the field. He has natural football ability and has taken to the general skills of footy like a duck to water. His hardness, attack on the footy and tackling has seen him slot straight into the midfield and become one of the most dangerous players on the field. Player comparison: Colin Sylvia

### **KUANG WU**

Kuang was quite a versatile player this year. He was found in the forward line and on the wing predominately. Kuang has really good endurance and will run all day if he needs to. Kuang applies lots of pressure to players around the contest and will always run in at 100%. Player Comparison: Harry O'Brien

### **LIAM WHEATLEY**

Liam's biggest strengths are his ability to win the ball on the ground. He is a big-bodied utility that has good endurance. This has seen Liam playing all over the ground. Liam has a good goal sense and ability to read the play which allows him to gather lots of ball. Player comparison: Dylan Shiel

### **JACOB MCKENNA**

Jacob's biggest strength is his pair of hands and willingness to leap for the football. Jacob times the ball perfectly in the air. His aerial exploits caused supporters to erupt numerous times as he took big pack marks using his opponents as a step-ladder to the footy. Jacob is an exceptional player to watch and his versatility on the field allows him to play forward if needed. Player comparison: Harry Taylor

### **CHARLIE MANNIX**

Charlie is the kind of player that gives headaches to opposition coaches. Charlie's size, strength and ability to catch anything that comes near him is what makes him such a valuable player. When forward, all we have to do is pop the ball up in the air and we are generally confident that Charlie will mark and goal. Charlie has shown he keeps improving year after year taking on a role in the forward line. Player comparison: Mike Pyke

### **THOMAS OSTINGA**

Bulldog is a Ruck/Forward with a big leap, good set of hands and athletic characteristics that are made for footy. Bulldog has shown he can kick large bags and challenge anyone in the Ruck. His athleticism also makes him a dangerous player around the ground. Thomas was crucial to the structure of the team and always would run his ass off giving everything he had. Player comparison: Nick Natinuni

### **ALEX WRIGHT**

Alex mainly played as a forward pocket. Alex has a good sense of where the goals are and reads the play well so he finds the ball and is then able to judge where the goals are and how many people he needs to step to get there. Alex is a good set shot for goal and always seems to find space to kick a goal or two. Player Comparison: Jed Lamb

### **PATRICK DOYLE**

Patrick really stepped up this year. Patrick used his size and skills to his advantage providing some good run off the backline. Patrick was able to push through congestion and clear the ball long out of defence with his long raking right boot. Patrick's height and ability to win the ball on the ground made him an integral part of our defence. Player comparison: Tim Mohr

### **BLAKE TULK**

Injury limited Blake's season but the team was a different side when he was able to get on the park. He brings a determination and relentlessness to the table that is without peer. Mainly used in the back half where he was an impassable defender, there was one cameo up forward early in the year that yielded 3 goals in as many minutes. Player comparison: Harry O'Brien

### **REMY WEBB**

Remy has a fearless attack on the ball. When he goes for the footy he absolutely flies at it even if he knows he is going to get crunched. Remy has a good quick burst of speed that sees him break packs often. Remy has natural leadership skills and an obvious passion for the game which is shown on the footy field. Player comparison: Thomas Bugg

### **OSCAR GIBBINS**

Oscar played predominantly as a creative forward pocket. Oscar's ability to mark the football, use his body and be good on the ground made him a hard player to match up on. Oscar is a very smart footballer who reads the ball well. Oscar can find the goals from any angle or direction and consistently finds himself in the goal scorers list. Player comparison: Lindsay Thomas

### **ANDREW BERG**

Andrew is a big-bodied defender who can take the stronger and bigger opponents. Andrew is disciplined, always stays with his man and can lay a bone crunching tackle. Andrew also found himself in the forward line when we were looking for a bit more strength and forward pressure. Player comparison: Heath Grundy

### **LACHIE WHITE**

Lachie really developed into a classical key defender this year. Lachie always made sure the ball was brought to the ground and really developed this with his ability to read the play and punch the ball dead. Lachie was the reason we won quite a few games this year and his absence from the field definitely stretched the team. Player Comparison: Brian Lake

### **AIDAN SAMMUT**

Aidan really diversified for us this year, proving he could push up the ground to be the link man in attacking moves and then get back to defend. Aidan's best attributes are his work ethic up and down the ground and his "straight through" style. Aidan will slice through packs and win his own footy like a hot knife through butter. Player Comparison: Heath Shaw

### **JOEL AGIUS**

Joel filled many roles for us this year and didn't really sit in one position. Joel was valuable wherever we put him. Joel showed he can run through the middle and also filled positions in the forward and back pockets when needed. Joel has a really good set of hands and does not fear anyone in the air. Joel is a smart footballer who sets up lots of play and has great skills. Player comparison: Josh Hunt

### **MAX DREW**

Max has elite endurance and runs and runs all day. He is quick and finds lots of football. Max will dive on the ball and his aggression at the ball and passion for a contest is great to watch. Max will look out for his team-mates and always give 100% no matter how big or quick his opponent is. Player comparison: Tom Scully

### **CIAN MALIKIDES**

Cian is a winger who covers a lot of ground and reads the play well. This allows him to provide a lot of support for his team mates and get to the contest to help out. Cian has got good pace and provides good outside run. Cian is playing his best footy when he racks up uncontested possessions and runs with the ball. Player comparison: Josh Hill

### 2013 RECIPIENTS

#### JUNIOR FOOTBALLER OF THE YEAR

TOM DUNLOP (U16s)

Awarded to a senior player who has demonstrated excellence in skill and sportsmanship throughout the year or over several seasons, and whose performances have brought most credit upon the player and club.

#### CLUB ROOKIE OF THE YEAR

SEBASTIEN PROCTER (U8s)

Awarded to the player who, in his/her first year of playing club AFL, is judged to be the most skilled or displaying the most potential.

#### SPIRIT OF THE CLUB AWARD

OSCAR GIBBINS (U16s)

Awarded to the player or former player whose selflessness of spirit and generosity of nature furthers both the club and the code.

#### MICHAEL MCNAMARA MEMORIAL

##### CLUBMAN OF THE YEAR

MARGARET SAMMUT

Awarded to the person, through sportsmanship, service, innovation and concern for the club and its ideals, that has contributed the most over one or more seasons. Michael McNamara played for Glebe in the 1980s, captaining the U15s in 1985.

#### BOB CLARK MEMORIAL GOLDEN BOOT TROPHY

CHARLIE MORGAN

75 goals (U16s Div 3: 69 / U16s Div 2: 6)  
Awarded to the season's leading goal kicker and named in memory of Bob Clark, who played for Balmain Tigers.

#### TERRY WATSON MEMORIAL GOLDEN BACK TROPHY

AIDAN SAMMUT (U16s)

Awarded to the most distinguished backline player for the club; in memory of Terry Watson, who coached in the early 90s and father of former players Andrew (91 games) and Dylan (121 games).

#### DROUDIS AWARD FOR DETERMINATION AND COURAGE

JAMES DUNLOP (U14s)

Donated by the Droudis family to honour the most determined and courageous player during the season. Paul Droudis played 100 games for Glebe and then played for the Balmain Tigers, represented Australia in the international Cerebral Palsy Games, and in 2000 received an award from the Prime Minister.

#### SUSAN PARKER MEMORIAL AUSKICK GRADUATE OF THE YEAR

FINN MCKENDRY (U10s)

Awarded to the U10s player who had shown significant development since graduating from the Auskick program. Susan Parker was club registrar 1999-2002, wife of Robert Parker (Auskick coach 1996-80) and mother of Mark (142 games) and Michael (236 games).

#### PLAYER LIFE MEMBERSHIP

Awarded when a player with 200 or more games, (excluding representative games) and finishes their career with the club.

#### LIFE MEMBERSHIP

Awarded in recognition of long term contribution and service to the club. Life membership is the greatest honour presented by the club.

#### THE GLEBE FAMILY CUP

BASS-TRACY FAMILY

Awarded to the family that has made a significant contribution to the club during the season.
